Winter Concert 2024-25: “A Thanksgiving Celebration”

The Winter Concert 2024-25, “*A Thanksgiving Celebration*” was a whimsical evening filled with breathtaking performances at the stunning **St John’s Cathedral in Central**. Our talented A-Musicians—choirs, orchestras, handbell teams, and soloists—delivered an unforgettable showcase of musical excellence. From the harmonious voices of the Chamber Singers and Vienna Exchange Choir to the dynamic melodies of the String Orchestra, Wind Band, and the delicate chimes of the handbell teams, every performance reflected months of dedication and passion.

Special recognition goes to our incredible soloists—**pianist 8C HO Ngai Ting**, **violinist 5B LO Ying Lam Georgia**, **vocalist and alumna Ms. YIP Charlie** and **piano accompanist 9A LAW Yip Sum Edison**—who captivated the audience with their outstanding artistry. The concert would not have been possible without the unwavering support of our principals, teachers, parents, and the hardworking backstage teams, including our Digital Sergeants, Campus Photographers, Campus TV members, and all student helpers.

This night was more than just a performance—just as the concert culminated with a grand finale of **Joseph Haydn’s masterpiece “Sing the Lord, Ye Voices All” from *The Creation***, it was a celebration of unity, gratitude, and the transformative power of music. Thank you to everyone who made it a historic milestone in our Winter Concert legacy!

5B LO Ying Lam Georgia (PS Violin Soloist)

Playing solo was nerve-wracking, but the cheers from my schoolmates gave me confidence. This concert reminded me why I love music!

9D CHAN Ho Him (Concertmaster of SS String Orchestra)

Being part of the orchestra was an incredible experience. The teamwork and final applause made every late practice worthwhile.

11A TSANG Yuen Ying (Soprano of SS Chamber Singers and Finale Soloist)

Performing at St John's Cathedral was surreal! The acoustics elevated our choir's sound, and the audience's energy made all our rehearsals worth it.

12C WONG Chun Tung (Music Team Photographer)

Photographing the concert was just as thrilling as performing! Capturing the emotions on stage was a challenge I loved.

50th International Exhibition of Inventions Geneva

After their stellar performance at the 4th Asia Exhibition of Innovations and Inventions Hong Kong, our primary students took part for **the first time in the 50th International Exhibition of Inventions Geneva, Switzerland**, where their inventions stood out among the 1,000+ exhibits from all around the world.

Our **"Sustainable Solar Panel" Team**, a gold medal recipient in Hong Kong, **struck another Gold Medal in Geneva**. Presented by 6C GAO Wenxi, 6D AU Hiu Chin, 5B CHAI Yi Lam, 4B CHOW Shiu Ching, and 4B CHAK Paak Shun, their solar-harvesting clear window created from upcycled food waste, that converts light into clean energy, generated accolades from jurors and spectators alike.

5A MOK Hing Yu, 5B LAM Chun Wai Milton, 4E LAU Jeremy Andrzej, and 4C TSUI Hong Yiu made up the **"VOC Air Filter" Team**. Their innovative solution of reducing VOC pollution and elevating air quality to protect public health made a great impression on the Ministry of Education (Saudi Arabia), who presented our students with the prestigious **Special Prize of the Saudi Arabian Ministry of Education**.

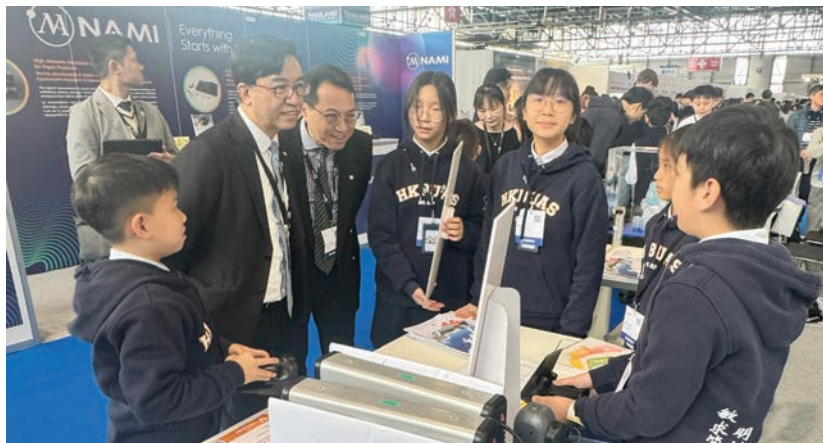

We applaud our students' creativity and curiosity, their parents' invaluable encouragement, our teachers' committed guidance and the Lam Foundation's unwavering support throughout this journey. May it mark the beginning of a lifelong passion for discovery and innovation.

5B LAM Chun Wai Milton

I was proud of presenting at the exhibition. We shared stories about our invention, and ourselves, to the world. I loved communicating with others who had similar interests, and I made a lot of relationships with many new people. There were places where diverse cultures came together, like talking with Egyptian cabin crew at our hotel and meeting the local people of Geneva. I also loved experiencing how close to nature we can be.

6C GAO Wenxi

After the 7-month journey, these 7 days rounded up my whole learning journey. I liked seeing different age groups coming to our booth and catering how I presented our invention to different people. I am happy I was confident speaking in front of a large audience. And I also made a lot of new friends along the way and experienced Switzerland for the first time. This was my first long-term learning journey, a very special experience that took over half a year.

Excel 33 Shines in OTIS “Made To Move Communities” Global Competition

Seven members from **Excel 33** participated in the OTIS “Made To Move Communities” programme to compete against schools from all over the world and was recognised the **third place in the Asia Pacific region**.

The US-based elevator company, OTIS, organised the 5th Made To Move Communities programme this year with the theme challenging students to develop inclusive mobility solutions driven by artificial intelligence (AI). After completing a series of workshops for 8 weeks, our Excel 33 team members presented their inclusive solution about **alleviating the mobility problems hidden in Hong Kong society** to the judges from all over the world. They rose to the occasion, representing Hong Kong and region against stiff competition from Japan, Malaysia, Australia, India, and others.

Through a virtual presentation on Teams to the Asia Pacific management team of OTIS, the A-School team showcased their AI-powered ideas to enhance accessibility and sustainability in urban transportation. Their innovative thinking and strong collaboration skills earned them a well-deserved **third-place** finish in the regional contest and a **grant of \$7,500 USD** for the school to strengthen the support for STEM education.

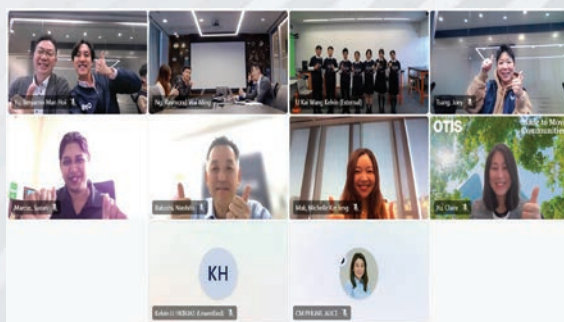

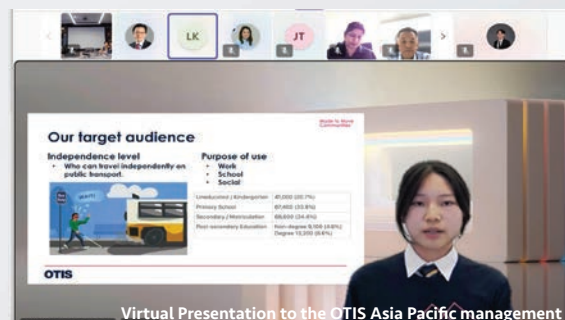

This achievement is a testament to the talent and dedication of these young problem-solvers, who are poised to become the next generation of STEM leaders.

10E LAW Chin Ting

Taking part in the OTIS “Made to Move Communities” competition was a really great experience. This competition is a great chance for me to use my design and critical thinking skills to solve a major problem in Hong Kong's public transport system. We also learned a lot about how to make the presentation slides clear for the audience and how to pitch things through our work with the OTIS mentor. The time spent with my teammates for the competition was unforgettable.

11A CHANG Hoi Fung

The OTIS Made to Move Community Programme was truly a wonderful and engaging experience. This programme offered us an opportunity to explore real world problems and increase inclusiveness for all people in our community. Though we faced some difficulties on our way to develop a better solution, we still endured and pushed through to the end. And when we heard words of recognition from our judges, we were truly delighted to know that our solutions can really help move and connect the world.

The 77th Hong Kong Schools Music Festival was a resounding success for our talented Secondary Division choir teams, who brought home an impressive collection of awards and honours! From First Place victories to outstanding choir titles, our singers showcased exceptional skill, teamwork, and passion throughout the competition.

The **A-Singers** set a high standard, securing **1st Place in both Chinese and Foreign Language Senior Mixed Voice Choir (Second Division)** and earning the prestigious titles of **Best Mixed Voice Choir and Most Outstanding Secondary School Choir of the Year**—a true testament to their dedication.

The **Chamber Boys' Choir** also shone brightly, claiming **1st Place in the Boys' Choir (Foreign Language)** and **3rd Place in the Chinese category**, while the Treble Choir delivered beautiful performances, earning **two Silver Awards** in junior mixed-voice divisions.

A special highlight was the Oratorio competition, where **all choirs united to win 2nd Place and Gold Award**, demonstrating the power of harmony and collaboration.

As we celebrate these achievements, we look forward to even greater musical milestones ahead. Congratulations to all our A-Musicians—you've made our school proud!

9D WONG King Hei (Captain of Chamber Boys' Choir)

Competing in the Oratorio as one of the soloists with all the choirs was unforgettable. Blending our voices into one powerful sound reminded me why I love singing—it's not just about winning, but creating something beautiful together.

11D KWOK Chun Yin (Captain of A-Singers)

The months of practice, from breath control to harmonies, all came together on stage. As the captain, hearing our name called as 'Most Outstanding Choir' was the best reward!

PS & SS Choir Exchange in Germany & Austria: A Musical Pilgrimage

This February, our talented choir members from Grades 5 to 11 embarked on a once-in-a-lifetime 10-day music tour through **Germany and Austria**, blending cultural exchange, historic performances, and world-class training. The journey took them through **Stuttgart, Salzburg, and Vienna**, where they walked in the footsteps of Mozart and Haydn, performed in grand concert halls, and even collaborated with the legendary **Vienna Boys Choir (VBC)**.

The tour's highlight was performing excerpts from Haydn's *The Creation* in Vienna—where the composer himself wrote this masterpiece 226 years ago—alongside a stirring rendition of *Below the Lion Rock* (《獅子山下》), bridging Hong Kong's musical heritage with European tradition. Students also participated in masterclasses with renowned maestros, including professors from Mozarteum University Salzburg and the VBC's artistic director and conductor, refining their vocal techniques and stage presence.

From singing in the chapel where the carol *Silent Night* was composed to standing in awe at Vienna's Golden Hall, this tour was more than just performances—it was a transformational journey that deepened their love for music and broadened their global perspective. Special recognition goes to soloists **7B KWONG Chung Chi Michelle** (Soprano) and **11D KWOK Chun Yin** (Tenor), whose performances left audiences spellbound.

This historic trip has set a new standard for our choir's excellence, proving that music truly transcends borders.

6C HO Chun Yin (PS Choir Member)

After the eye-opening trip to Munich and Vienna, I feel honoured and very grateful! Thank you to the school, Dr. Hon, Ms. Lai, and all the parents who took care of us. This trip was truly valuable because I learned a variety of singing skills and some German words! We had the golden opportunity to perform with groups like Aurelius Sängerknaben Calw and the Vienna Boys Choir. This trip was an exciting and unforgettable experience for me, and I hope to use my new skills in the future!

小學男子籃球隊 決勝2分挫對手奪冠

After 10 years, our **PS Boys Basketball Team** returned to the stage of the finals in the **Inter-Primary School Basketball Competition**. This is only the **second time** our school has achieved this milestone, and our boys wasted no chance to stay undefeated throughout the whole tournament.

In the finals, the atmosphere was tense and exciting. Both teams played well and aimed to win. Our boys were a bit nervous in the first half, but they were focused after the 3rd Quarter, when they defended very well and took the scoring opportunities to come back from behind to retain the lead into the final quarter.

In the 4th quarter, all the team members were locked in, defending with discipline and scoring with confidence. The final whistle was blown, and we won eventually after all the hard work. Our players, parents, teachers, and coach were hyped and celebrated with smiles and tears.

The championship could not be achieved without the enormous support from the school and engaged parents, dedicated coaching from our head coach and teacher in-charge, and certainly the hardworking team members who took the lesson of losing in the semi-final last year and became stronger together. Hopefully, it is the start of another winning cycle for our basketball team who will continue to work hard and improve.

在這場激烈的籃球決賽中，我們球隊一開始落後，但我告訴自己比賽還沒結束，只要堅持就有希望！教練一直鼓勵我們，隊友們也互相打氣，慢慢找回了信心，後來我越打越興奮，投進幾個關鍵球，終於反敗為勝！這次比賽讓我明白：遇到困難不要怕，團結一心就能創造奇跡！

5D 陳柏熹

第一年代表學校參加沙田籃球學界時，我感到戰戰兢兢，最終輸掉了比賽。第二年，我們比上年更積極地練習，雖然奮戰至最後，只獲得殿軍，但這次的落敗讓我們更加堅定。今年，我們從暑假開始就積極備戰，參加了各種比賽以吸取經驗。在這個過程中，我與隊友不斷磨合，與教練持續溝通，形成了良好的默契。我們全隊團結一致，最終成功贏得了沙田區籃球冠軍。我們籃球隊的夢想，終於實現了！我感謝聰Sir的悉心教導，我也要特別感謝隊友們和我的家長全力協助。在練習或比賽期間，不論是嚴寒或酷熱的天氣，他們始終陪伴在旁支持我們，讓我們勇敢去追夢，真的非常感謝你們！

6B CHUNG Cheuk Long

As the game started, we were behind 9 points. The audience was nervous, but my teammates and I locked in and caught up the points. Until it was 31: 32, the other team was winning, I made a shot that led up to 1 point. In the last few seconds, I held the ball, the buzzer beater stopped the game, and we were the champions! I felt like I was dreaming!

6D CHAN Jacus

Being the anchor of our defence, this season was an incredible experience. As the starting centre, I took pride in securing rebounds to create beneficial opportunities for my teammates. The most memorable scene during one of the key games was when I scored an important basket for my team, creating us a 2 point lead. Afterwards, I cheered as loud as I could to express my frustrations and to enhance my confidence. Our teamwork and chemistry made every victory sweeter!

6D LO Cheuk Nam Dennis

Winning the Shatin Basketball Championship allows me to embrace a lot of new things, and to push myself to improve every single day no matter what. It shows me that it needs the culmination of hard work, dedication, and teamwork. And makes me understand that winning is not as easy as we would've expected, and we have to work our hardest. I'm grateful for all my teammates, coaches, parent supporters, and teachers! Looking forward to meeting new challenges!

It was a tight match that my opponent only won by 2 points in the Semi Final and I have also gained some experiences in the future by being more mature and calm on the field. It's kinda frustrating, but I'll try harder next time! I will train harder to get the first place next time.

Aquatic Meets

Secondary Division 14th Aquatic Meet

The 14th Aquatic Meet was successfully held on April 14 in Ma On Shan Swimming Pool. The weather was great, and the swimmers were ready to give their best in the outdoor pool with the support of Chambers from the spectator stand.

All events ran smoothly, thanks to the professional officiating by coaches and teachers. **New records** were set by our star swimmers in **Boys B Grade 100m Freestyle** and **50m Breaststroke** as well as in **Girls C Grade 100m Freestyle** and **50m Freestyle**.

With the establishment of the Kwok Yat Wai Aquatic Complex, the traditional Grade 7 Kickboard Race was held and 25m Freestyle and Breaststroke events were also introduced in our own swimming pool before the Aquatic Meet. This allowed more Grade 7 students who are not regular swimmers to participate and give their best for their Chambers.

11B YAU Hoi Lam

Winning the individual champion was a moment of pure elation and validation. Throughout the competition, moments of doubt and anxiety tried to creep in. However, this achievement has taught me the value of consistency and resilience. There were times when I felt like giving up, but I kept pushing myself forward. I learned to embrace challenges and take them as opportunities for growth. The support from my family, friends, and coaches was invaluable, and their encouragement gave me the strength to keep going.

在2月18日至21日，我校師生一行40人，開啟了**武漢、赤壁歷史文化及自然科學探索之旅**。在這次充滿意義的四天交流之旅中，我們深入探索了武漢與赤壁的歷史底蘊。踏足**三國赤壁古戰場**的那一瞬，同學仿佛穿越回那個英雄輩出的時代，深刻瞭解赤壁之戰及三國時代的人物和故事。

除了探索赤壁，我們更以同根同心的情懷，跨越地域界限，與**姊妹學校武漢常青第一學校**的小夥伴進行了親切友好的交流，一同做早操、跳大繩，結下了深厚的友誼。

此外，我們還參觀了**武漢大禹文化博物館**，追溯大禹治水的傳奇故事，感受先賢們的智慧與永不放棄的堅毅精神。接着，同學們登上**黃鶴樓**，俯瞰長江美景，更感受到「極目楚天舒」的豪情壯志。除此，同學們在**辛亥革命武昌起義紀念館**深入瞭解到中國近代史上的這一重要事件，愛國情感和歷史責任感油然而生。

6B 陳芯蕾

在這次旅程中，我感到最難忘的參訪點是黃鶴樓。經過一處梅花盛開的小徑後，我們便來到聞名中外的黃鶴樓，這棟樓的建築風格富有中國風，飛簷走壁，古色古香。樓裏面的壁畫精美生動，還懸掛着一幅幅充滿中國文化風采的字畫，讓我置身於古人的世界中。我和同學結伴走到黃鶴樓的頂層，登高眺遠，所看到的武漢全貌、長江的波瀾壯闊，實在是震撼人心，深深印在我的腦海裏。

6D 李倩如

我認為有機會到武漢常青第一學校交流這一項活動是最為珍貴的，因為我在這裏認識到一位新朋友，一起上了一節有趣的科技課，更交換了禮物留念。通過跟姊妹學校小夥伴的交流，我能更全面地認識到當地學生的校園生活習慣，還分享了兩地的學習心得。這才發現兩地學校的學習習慣差異，例如他們需要做早操，午飯是在食堂吃的。整個旅程對我的個人發展和視野拓展都非常有益。

交流活動—滬上研學記

從歷史風貌到科技創新的探索之旅

4月9日至11日，我校小學部三十四名師生前往上海，展開為期三天的研學之旅。

行程涵蓋歷史文化、自然科學及科技創新等領域，讓同學們深度認識祖國，增強國民身份認同。首日參觀**中華藝術宮及田子坊**，體驗科技與藝術的融合與滬上歷史風貌；次日走進**自然博物館及汽車博物館**，探索生態奧秘與工業發展；最後一天於**上海交通大學附屬閔行實驗學校**進行交流課堂，與當地學生共學共思，增進友誼。

Exchange Activities with JIS

On January 13, 2025, our Japanese language students had the wonderful opportunity to interact with peers from the **Japanese International School (JIS)** in an enriching cultural exchange. The event began with a warm welcome in the Lecture Theatre, setting the tone for a day of learning and connection.

Students then moved to Joshua Hall for icebreaker games and engaging presentations about both schools, fostering camaraderie. Small group language exchanges allowed them to practice Japanese and English in a fun, supportive environment.

The JIS students joined our Grade 6 classes for **subject-based activities in Science, Physical Education, and Visual Arts**—providing a hands-on way to collaborate beyond language. The event concluded with a heartfelt thank-you speech from our visitors and a group photo, capturing the joy of new friendships.

6B NG Tsz Lok

This exchange programme provided me with a great opportunity to speak with and ask questions of the JIS students. I also learned some new Japanese words. The JIS students are very nice and polite. I felt very grateful and excited for this chance, and I hope I can meet them again if I have the opportunity.

6A CHEUNG Tsz Kiu

This has surely been a wonderful experience interacting with the students from JIS. I gained an insider's view of Japanese culture through the fun-filled Japanese games provided by our sister school. I am excited and look forward to meeting the Japanese students again!

Scientist-in-Residence Dr. Cheung Sai Kit, Leon

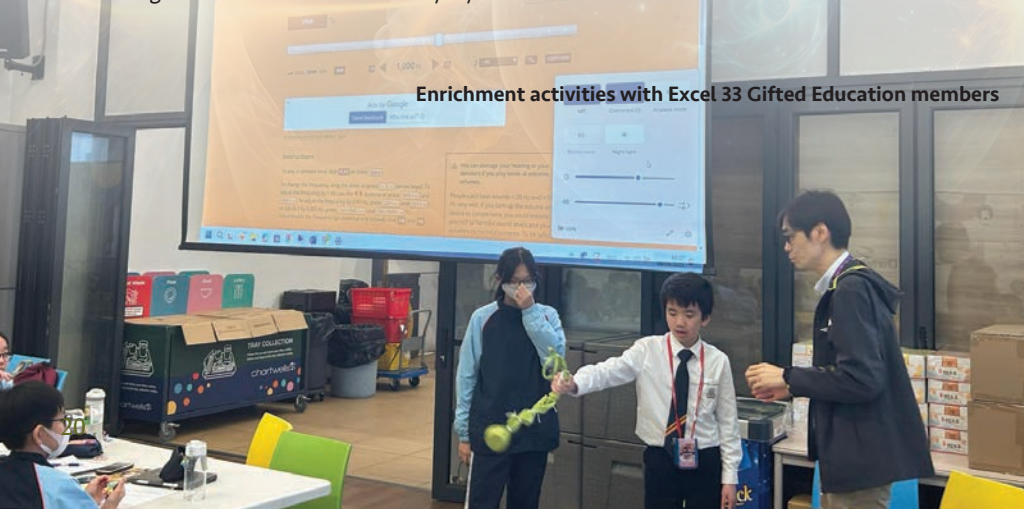

As a mentor at A-School, I cherish those moments when abstract science concepts come to life through your creations, and I've learned that the deepest understanding comes from interaction. Science isn't confined to labs; it's woven into everything around us. I'm eager to learn from your perspectives—whether we're analyzing physics in video games, debating fascinating science in movies, or exploring how harmonic music harnesses sound waves.

This year, we'll have the opportunity to design a 3D holographic projector to transform 2D images into floating displays and engineer portable coolers to beat the summer heat. The magic of innovation often happens in breakthrough moments: when a stubborn prototype finally works after multiple attempts, when teammates combine their strengths, or when textbook knowledge clarifies real-world phenomena. I'm excited to see how your designs evolve, revealing insights into future technology.

This space prioritizes questions over quick answers, where mistakes are stepping stones, and where everyone thinks like an innovator. You'll find science in unexpected places—from cooking techniques to architectural designs to weekend entertainment. These real-world connections always find their way back to our classroom.

Let's embark on this year's journey together—tackling challenges, celebrating breakthroughs, and uncovering the science hidden in our everyday lives!

親子觀星活動 Parent-Child Stargazing Event

天文奇觀—七星連珠

Astronomical Wonder – The Seven-Planet Alignment

Since the beginning of this school year, we have held **several parent-child stargazing events, each attracting nearly 300 families**. This eagerly anticipated celestial spectacle is a rare phenomenon in astronomy, where **seven planets in the solar system appear to align in a straight line** from the perspective of Earth, providing us with an unparalleled visual experience.

These events were meticulously planned by our teachers, allowing everyone to view deep-sky objects such as the Pleiades star cluster (M45) and the Orion Nebula (M42). We also introduced prominent winter constellations and bright stars, including Taurus, Orion, Canis Major, Sirius, Betelgeuse, and Rigel.

Additionally, we received support from the school and PTA, and invited **Ho Koon Nature Education cum Astronomical Centre**, allowing parents and students to enter the dome tent to experience the fun of watching a virtual starry sky.

Due to the large number of participants, we specially trained **a group of enthusiastic and responsible students to become junior astronomy guides**. They taught students and parents the basic techniques and etiquette for observing celestial bodies.

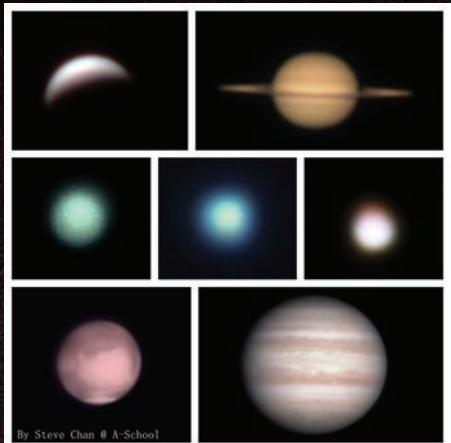

From ancient times to the present, and into the future, human curiosity and exploration have never ceased in the face of the vast universe. This event not only allowed both parents and children to personally experience the joy of stargazing but also promoted interaction between them, enabling more people to look up at the stars together, explore the mysteries of the universe, and inspire the next generation's love for science, particularly this ancient and captivating subject of astronomy!

SC HONG Tsz Wing

It's my pleasure to participate in this activity, and it has been a wonderful experience and opportunity for me and my parent to learn more about stars and constellations. After this activity, I have learned where my family and my constellation belong, and I feel truly delighted to have had such a rare experience. I really hope that I can join this activity again next time.

SC WONG Lok Hei

Learning about "The Seven-Planet Alignment" has been an enlightening experience for me. I've discovered that this concept holds deep astronomical and cultural significance. From an astronomical perspective, the alignment of planets teaches us about the beauty of our universe. This concept also deepens my appreciation for the night sky, where countless stars twinkle and tell stories of distance and time. It makes me feel connected to something greater, igniting a sense of curiosity about the mysteries of the universe.

Science Master Class - Maths is Fun by Professor YUAN Yaxiang

We were thrilled to welcome the renowned **Professor YUAN Yaxiang (袁亞湘教授)**, who delivered an absolutely captivating talk on the wonders of mathematics to our Grade 7 and Grade 8 students and parents on the 19th Nov, 2024.

Professor Yuan, a distinguished **mathematician and member of the Chinese Academy of Sciences (中國科學院院士-數學)**, took us on a magical journey through intriguing mathematical concepts. From the Chinese Remainder Theorem to the mesmerizing Möbius strip, he unveiled a treasure trove of mathematical curiosities that left our students amazed.

What made the talk so special was Professor Yuan's ability to blend theory with engaging visuals and fun games. Students were captivated as he explored topics like snails climbing a growing stick and the fractal nature of coastlines.

The highlight was when our senior Math team interacted with Professor Yuan directly. Inspired by his passion and insights, our students are now more motivated than ever to explore the vast universe of mathematics.

We believe this talk has planted a strong seed of curiosity in our students' hearts. We're excited to see how this experience will nurture their love for mathematics and shape their future pursuits.

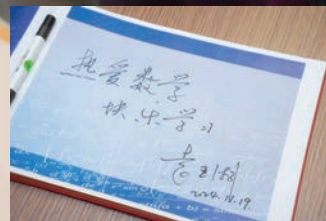

A big thank you to Professor Yuan for this unforgettable event!

Participating in a math seminar that explored the fun side of math has been an enjoyable experience. Through engaging games and real-life examples, I discovered how exciting and creative math can be. It's fascinating to see concepts like patterns and shapes come to life through play. This program has opened my eyes to the joy of problem-solving, transforming math from a chore into an adventure. I'm eager to continue exploring and learning more!

Meeting the Professional Badminton Athletes of Hong Kong China and experiencing Badminton Outdoors

It was such an honour to welcome to our school the Chairman of the Badminton Association of Hong Kong, China Ltd., Mr. TONG Wai Lun, BBS, MH, JP (中國香港羽毛球總會主席湯偉倫先生 BBS, MH, JP), along with 6 professional badminton athletes of Hong Kong China, especially YIP Pui Yin (葉嫻延) and LEE Chun Hei (李晉熙). They shared with us their individual, multifaceted career paths as professional athletes. Students were inspired by their undeniable passion for badminton and benefited from their personal insights, particularly on character strengths essential for anyone who aspires to a future career in professional sports.

Our superstar athletes also gave a rare, exclusive demonstration of the new, outdoor version of the sport: **AirBadminton (戶外羽毛球)**. Not only did our students get to witness the professionals' skills, but they also got to interact with them on the outdoor court with their own racquets and skills. We look forward to the future shining paths our potential stars will take, possibly joining the ranks of future professional athletes.

6D AU Hiu Chin

The new, outdoor version of the sport: AirBadminton event was a blast! Our A-School students learned about the amazing style of outdoor badminton, selected students all got a chance to try the outdoor badminton with a professional badminton player. I feel very happy and honored to get to have the chance to learn with the badminton professionals.

6D TANG Wing Sum

On that day, we had the opportunity to hear the players from the Hong Kong China team share their journey—from how they started playing badminton to their experiences as a professional. After that, we spent the next hour playing badminton, which was incredibly fun. At the end of the session, I approached them to ask for a signature.

MUSIC MARATHON 2024-25

The Music Marathon, which was held on December 19, 2024 was a vibrant celebration of talent, featuring 30 classes that captivated audiences with their musical performances. Each class presented a hymn or Christmas carol alongside a pop song of their choice, showcasing the diverse abilities and creativity of our students.

A key highlight of the event was the performance of the uplifting "APT," which served as one of the climaxes of the day. Our dedicated Vice Principals and teachers delivered a heartfelt rendition, inspiring everyone with their passion for music. Additionally, we were honoured to welcome guest singer **On Chan (陳健安)**, whose remarkable performance added an extra layer of excitement to the event. We extend our heartfelt gratitude to **Uncle Carl and Miss Gabby So** for their invaluable professional support, which was crucial in nurturing our students' talents and ensuring the success of the Music Marathon.

中國文化日

中國文化日：二十四節氣的智慧

本年度中小學首次合辦中國文化日，並以「二十四節氣」為主題，安排了一系列別開生面的活動，讓學生深入了解中國傳統文化，特別是與生活息息相關的二十四節氣。早會上，舞龍舞獅那生動的節奏、可愛靈巧的中國舞蹈演出，讓全體師生體會中華藝術之美；同學們在攤位活動中一同提筆揮毫、學習書法、剪紙，感受中華文化的深厚底蘊。各式各樣的國畫、揮春、美食、遊戲攤位，好不熱鬧。師生們齊心協力，展現了團結與合作的精神，讓整個校園洋溢著歡聲笑語，充滿了濃厚的節日氣氛。

6A 張子翹

這次的中華日，真讓我獲益良多。我不但可以品嚐到不同傳統美食，還可以體驗到紮染這項中國藝術，更可以深入了解博大精深的中國文化，實在令我大開眼界！

The AGM not only highlighted the association's achievements but also strengthened the bonds within the alumni network.

CHONG Sum Yin Karis (Class of 2024)

I recently returned to school at the A-Carnival for the inauguration of the alumni association. The A-Carnival event was vibrant, featuring various game booths for both primary and secondary students. It was heartwarming to reconnect with teachers and old friends, witnessing the school's wonderful transformation. I hope that more alumni will be joining our upcoming events and continue to support our school in the future!

李嘉琳 (2015畢業生)

趁著20周年的A-Carnival，我再次踏入中學校園。一晃而過已然十年，學校改變了許多，彷彿只有七年級的教室和中庭一如初入中學時的樣子。我和當年的同學、老師在Joshua Hall見證了新一屆校友會的成立，第一次踏入室內籃球場，席地而坐分享了一頓泰式午餐，參觀了新落成的游泳池。不得不感嘆這些年間學校變得越來越漂亮了，我想未來一定會繼續發展，培育更多優秀的人才吧。

家長教師會周年大會

2024 年 11 月 16 日(星期六)

家長教師會於舉行第十六屆家長周年會員大會暨家長學堂頒獎禮，除了匯報會務外，又頒發 2023-2024 年度家長學堂獎項。

同日下午並舉行家長教師會年度特色競賽「活力校園跑樓梯競技大賽」，不單有家長和學生組成親子隊伍參賽，中學部同學亦派出各學社及自行組隊參加，氣氛熱熾激昂！

6A 王豐堦 及 1D 王瑋瑋家長

當妹妹和哥哥今年可以上同一所學校，作為 A-School「忠粉」，我當然不會錯過一年一度的跑樓梯競技大賽，今次由身為媽媽的我上陣，體驗一下跑樓梯的刺激，因為已經很久沒有跑步了，這一次可以和兩個小朋友遊歷中學部各層，越過多重難關，最終能夠安全到達終點，對我來說都是莫大的挑戰，感謝學校老師們和 PTA 委員設計的所有競技遊戲項目，我和兩位小朋友都樂而忘返，兩兄妹在個人賽方面亦都得到獎項，看來我今年要多加練習，下年再參加時要在親子比賽裡獲得獎項呢！

7E HO Tin Yeung Easton

I had just entered the seventh grade and participated in the school's annual stair running competition on a cool November day.

This time I invited two classmates to form a team with me to participate in the competition. When the game started, my heart was filled with tension and anticipation. With every step I took upwards, I felt the soreness in my legs, but it also stimulated my fighting spirit.

Although I was exhausted in the end, I felt extremely proud when I successfully crossed the finish line. This competition not only improved my physical fitness, but also made me understand the importance of persistence. I wish to join this competition once again with my two friends.

OPENING CEREMONY OF MOSES GATEWAY

The **Opening Ceremony of Moses Gateway** was a heartfelt event filled with gratitude and inspiration. As attendees gathered, they were reminded of the powerful words from the Bible: "Be strong and courageous. Do not be afraid... for the Lord your God goes with you; he will never leave you nor forsake you." This Gateway mirrors Moses' path, inspiring everyone to walk in faith, hope, and love.

We were honoured to have invited **Mr. KWOK Ka Shing, Raymond**, representing **Kwok Chung Bo Fun Charitable Fund (郭鍾寶芬慈善基金代表郭家聲先生)** to officiate the ceremony. Our School Supervisor, SMC members, PTA executives, and Pastors from City One Baptist Church attended the ceremony to celebrate the milestone. The ceremony featured a meaningful Easter service, complete with choir performances, prayers, and inspiring speeches from donor Mr. Kwok and other leaders, celebrating the grace that surrounds us. **Ms. Helene WONG**, the artist behind the creation of the beautiful mosaic art display of Moses Gateway dedicated her artwork to God during her sharing.

Reflecting on Moses' journey, **5A CHAN Hin Shun Daniel** shared how it inspires us to find strength and courage in facing life's challenges. As he ascended the staircase, he emphasized our aspiration to be servants of God, glorifying His love through our faith and beliefs.

12D CHAN Nathan Heilun shared in his thank-you speech that Moses Gateway symbolizes our inherent blessings and encourages all to have faith in both God and themselves, just as Moses was blessed from the beginning.

The event left a lasting impact, encouraging participants to embrace these reflections as they continue their journeys in faith.

11D LEUNG Shing Hang Shane

Although Moses was raised in privilege and was talented, he struggled with self-doubt and uncertainty. This serves as a divine reminder for everyone that we are all blessed with potential, with our confidence being the factor holding us back. This is also a good cause for us to be grateful for, as the bible says "But he said to me, 'My grace is sufficient for you, for my power is made perfect in weakness.'" (2 Corinthians 12:9).
