A-SINGERS SHINES IN NEW ZEALAND, WINNING GOLD ON DEBUT

星島日報2024年7月24日報道

In July at the **13th World Choir Games in Auckland, New Zealand**, A-Singers made its **debut in Oceania** and returned with a **gold diploma**, bringing glory to the school and Hong Kong alongside other award-winning teams.

Formed two years ago, A-Singers comprises more than 40 students and participated in their first major global choral competition, competing against over 10,000 singers from more than 40 countries. They excelled in the Open Category for secondary school choirs, **earning a gold diploma (Level 3) and ranking third overall, with a close margin of just 0.55 points from the winners.**

During the competition, A-Singers performed four contrasting pieces in three languages, including the lyrical “Flight Song” by Norwegian composer Kim Andre Arnesen. They also gave the overseas premiere of the Cantonese piece “Picturesque Cityscape” (《如畫般的天際》) commissioned by A-Singers and composed by our school’s Collaborative Pianist, Mr. Jason Liu, and well-known lyricist and parent, Ms. Jessie You. Their repertoire featured works by African American composers William Dawson and Carlos Simon, showcasing their musical excellence in various styles.

A-Singers’ remarkable performance not only rewarded their hard work but also qualified them for the Grand Prix of Nations 2025 in Aarhus, Denmark, which they will attend next year.

10C KWOK Chun Yin (Captain)

This trip was truly unforgettable, providing me with valuable insights and experiences. While it felt similar to local competitions in some ways, I learnt so much more. The phrase “We sing as one voice,” a common expression in choir, resonated deeply throughout our journey. I not only expanded my knowledge but also discovered something essential: our voice. This trip powerfully illustrated how choral singing connects us all.

11A LAI Yuen Wo Janice (Ex-captain)

Winning the gold award at the World Choir Games marked the perfect conclusion to my choir journey at A-School. I vividly remember the moment A-Singers’ name was announced on stage and how the members erupted in cheers from the audience—it felt like our hard work had finally paid off. Although we spent every morning rehearsing our pieces, I found that we grew even closer as a choir. The gold award was the cherry on top; the friendships we forged, the knowledge we gained, and the experiences we shared as a team were the most significant aspects of this journey.

July 8, 2024

PBL SHOWCASE DAY 2024

July 6, 2024

The **PBL Showcase Day 2024** was a tremendous success, bringing together parents, guests, and our vibrant school community to celebrate our students' remarkable journeys of discovery and innovation.

Project-Based Learning (PBL) fosters an empowering environment where students unleash their creativity and passion, developing projects that resonate with them. Through collaborative efforts, they engaged in meaningful exploration, tackling open-ended problems and absorbing knowledge together. This year's theme, **"A Generation with Compassion,"** inspires our youth to envision a future where empowerment knows no bounds. The innovative ideas showcased during this event spark enthusiasm within our community, inviting everyone to join the path of our compassionate innovators—truly "a generation with compassion".

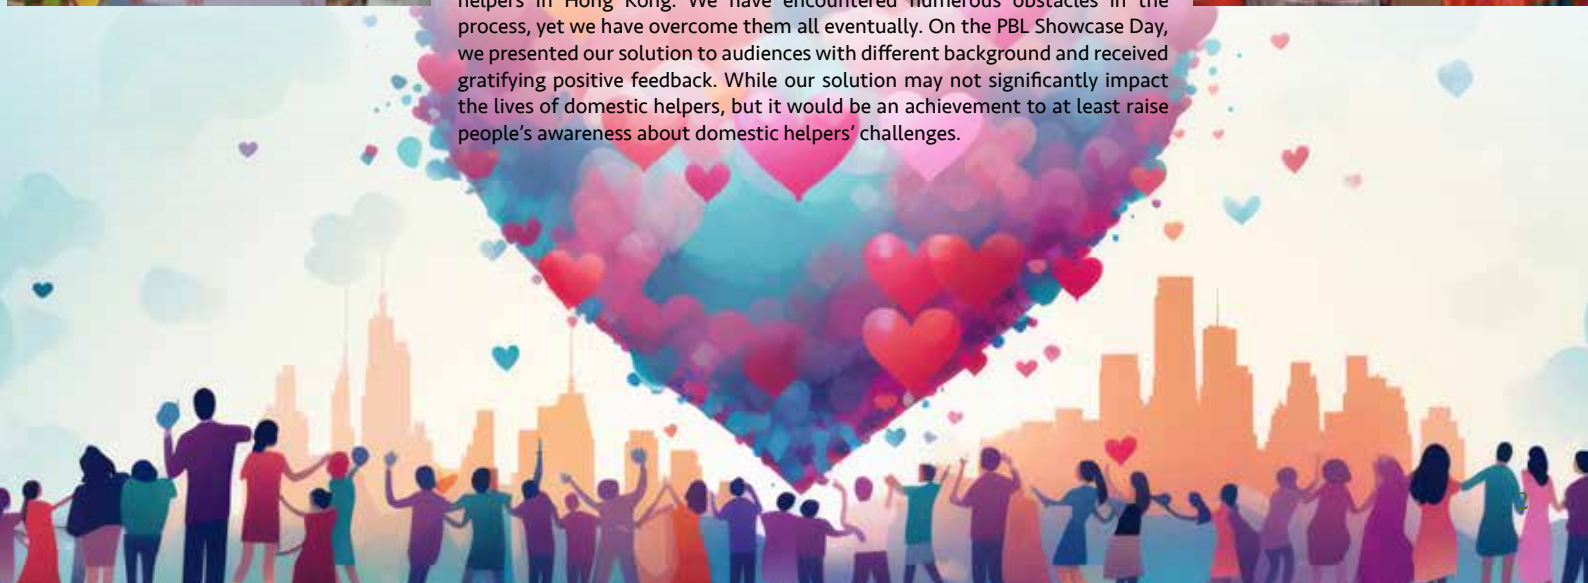

5A YIP Ching Shun

Our project focused on the critical issues of waste management and food waste. Throughout this journey, we gained valuable insights, including causes of food waste, reduction strategies and environmental impact. By engaging in the performance tasks, we also learn various research methods that will be invaluable for our future. This project enhanced our knowledge on SDGs and equipped us with practical skills for addressing these important challenges.

9C CHENG Yuet

Among the broad Grade 9 PBL theme, we focused on supporting domestic helpers in Hong Kong. We have encountered numerous obstacles in the process, yet we have overcome them all eventually. On the PBL Showcase Day, we presented our solution to audiences with different background and received gratifying positive feedback. While our solution may not significantly impact the lives of domestic helpers, but it would be an achievement to at least raise people's awareness about domestic helpers' challenges.

APEX 2024 Graduation Show

The **APEX 2024 Visual Arts Graduation & Annual Show** recently took place, celebrating the exceptional talents of our students at the prestigious **Pao Galleries in the Hong Kong Arts Centre** from June 4-11, 2024. This annual event showcased a remarkable array of artistic works, reflecting the creativity and skill of our young artists across various grade levels and mediums.

The exhibit featured masterful paintings and sculptures from our Grade 12 HKDSE and GCE A-level Visual Arts students, alongside imaginative and skillful creations from students in Grades 7 to 11. Our youngest artists, in Grades 1 to 6, contributed heartfelt expressions through their project, "The Language of Feelings." Additionally, inspiring pieces from our esteemed A-School alumni around the globe added a unique dimension to the exhibition, highlighting the enduring legacy of our visual arts programme.

A standout moment of the event was the **opening ceremony** held on June 5, officiated by **Ms. Rebecca IP, the Executive Director of the Hong Kong Arts Centre**. The ceremony also featured esteemed guests, including renowned **director Mr. WONG Sau Ping Adam** and acclaimed artist **Miss HUI Hoi Kiu Angel**. Their presence underscored the high caliber of our exhibition and added to the celebratory atmosphere.

Throughout the week, the galleries buzzed with excitement as guests, teachers, and families gathered to admire the creativity and dedication of our students. The event was a testament to the hard work and passion of both our primary and secondary visual arts departments, creating a vibrant space for artistic expression and community engagement.

The APEX 2024 Visual Arts Graduation & Annual Show was a resounding success, leaving us inspired and eager for next year's exhibition. We look forward to witnessing even more artistic excellence from our talented students in the future!

2B CHOI Yan Lam Hannah

I find solace in expressing my emotions through my art. Embrace each day with joy, peace, faith, and hope akin to Percci. Just as a rainbow emerges after the rain, positivity prevails. A heartfelt thank you to my teachers and parents for nurturing us, guiding our artistic journey, and empowering us to shine creatively. Everyone has the potential to be an artist!"

12A CHONG Sum Yin

Reflecting on Apex 2024, I am filled with a profound sense of gratitude and wonder. This experience transcends what a typical secondary school student encounters, offering a vibrant platform to showcase my artistic journey. The preparation, from crafting the theme and transforming the venue, was an exhilarating creative process. Engaging with visitors, from encouraging parents to discerning art professionals, allowed me to share the essence of my work. Their thoughtful feedback sparked enriching conversations, illuminating new perspectives and inspiring my artistic vision. This exhibition was not merely a display; it was a tribute to development, imagination, and connection.

12C LAI Yau Yi

Working on the poster and projects for the APEX exhibition was a valuable experience for me. Setting everything up and giving guests tours made me revisit all the fun times when we were all working on our own artworks. Despite the challenge, the process was fun and enjoyable, it's something I would remember for the rest of my life.

Primary Division 2024-2025

ATHLETIC MEET

October 10, 2024

Our **16th Athletic Meet** was held at the Ma On Shan Sports Ground with the entire Primary Division present and cheering with full force. Students have been waiting for so long to challenge themselves and compete with their schoolmates. The nice weather helped to draw a wonderful picture of the day. Our students showed their best by striving for excellence and never giving up in the races. It was also the first Athletic Meet for our youngster by joining the competition of short distance run, standing long jump and bean bag throw. The cheering and sweat from the students made our Athlete Meet colourful.

Congratulations to House Wisdom for winning the Inter-House Cheering Competition. House Faith received the Overall House Championship trophy from our **Guest of Honour, Mr. CHENG Ka Ho, MH, JP, the Council Member of Shatin District and former Wushu Captain of the Hong Kong China Team.**

It was such a wonderful moment as we could capture our students performing their best on the sports ground. We never underestimate the potential and talents of our students as they prove they can achieve higher in the future.

5D CHAN Sze Ming

This year's Athletic Meet was a valuable experience for me. I may not have achieved all my goals, but I've learnt so much and grown as an athlete. I'm thankful for all my dearest friends, who inspired me with their hard work. I also want to extend my heartfelt thanks to our teachers and all the parent volunteers for their dedication and support. Your effort has made this experience truly enjoyable for everyone involved.

5E CHOW Wing Ching Kady

This year holds particular significance for me, as I had the honour of taking the athletes' oath on behalf of all competitors. I am immensely grateful for this opportunity and sincerely hope to have the privilege of taking the oath again next year.

We participated in the 4x100 meters friendly relay race with teams from other schools and achieved second place. I am proud of my teammates and gained valuable insights into sportsmanship through this competition.

PRIMARY DIVISION

PLAY DAY AND PICNIC DAY

October 30, 2024

Play Day and Picnic Day is evidence of learning beyond the classroom! Students stepped out of the classroom to maximize their experience in the great outdoors, enjoying perfect weather for an adventurous day. G1-G6 students participated in a variety of activities across different parts of Hong Kong, learning to take care of themselves and each other while appreciating the beauty of nature. This event highlighted the importance of teamwork and reinforced our belief in the power of learning through play. It was truly exciting to witness the growth in our students, making this day unforgettable for everyone involved!

G1 LEGOLAND Discovery Centre

1C LAI Sze Ham Celine

I was very excited because it was my first time to have Play Day at A-School. We went to LEGOLAND in Tsim Sha Tsui by coach. We played on the rides in Legoland. We also watched a 4D movie. I had a fun time with my classmates. I can't wait for Play Day next year!

G2 Monopoly Dreams

2A 袁羽迪

今天是一年一度的旅行日，我們二年級同學來到了太平山山頂遊玩，我們從獅子亭觀景台往下看，美景一覽無遺，真壯觀呢！

2E 霍加楊

今天跟同學、老師度過了難忘的一天。我們來到山頂，看見美麗的景色外，還在大富翁夢想世界中體驗了另類的桌上遊戲，非常刺激有趣！

G3 Noah's Ark Hong Kong

3B 馬健豐

今天，能來到諾亞方舟玩耍，我感到無比開心！其中最令我難忘的是卡丁車遊戲，彷彿自己駕駛真車一樣，非常刺激，同學們都玩得不亦樂乎！

3C 洪樂瑤

今天，我們全體三年級的同學到諾亞方舟遊玩，我感到非常興奮！我體驗了各種各樣的遊戲，尤其是太空艙遊戲，讓我彷彿置身宇宙之中，非常令我難忘！

G4 Ocean Park Hong Kong

4A PONG Man Ying Audrey

Today was a wonderful and exciting day as we visited Ocean Park Hong Kong. One of the highlights was the penguin exhibit, where I spotted a cute penguin laying an egg. We also had great fun at Whiskers Harbour, playing hide and seek with my teammates. Although we are not good at playing basketball, we had a great time trying our best at one of the game booths. I enjoyed this beautiful day with my classmates.

4B 陳朗瑀

今天在海洋公園，我認識了許多奇妙的魚類，真是大開眼界！和朋友一起玩時，我們進行投票，選擇想玩的設施，學會了互相尊重，增進了友誼，真是受益匪淺。這次的遊覽讓我開心又難忘！

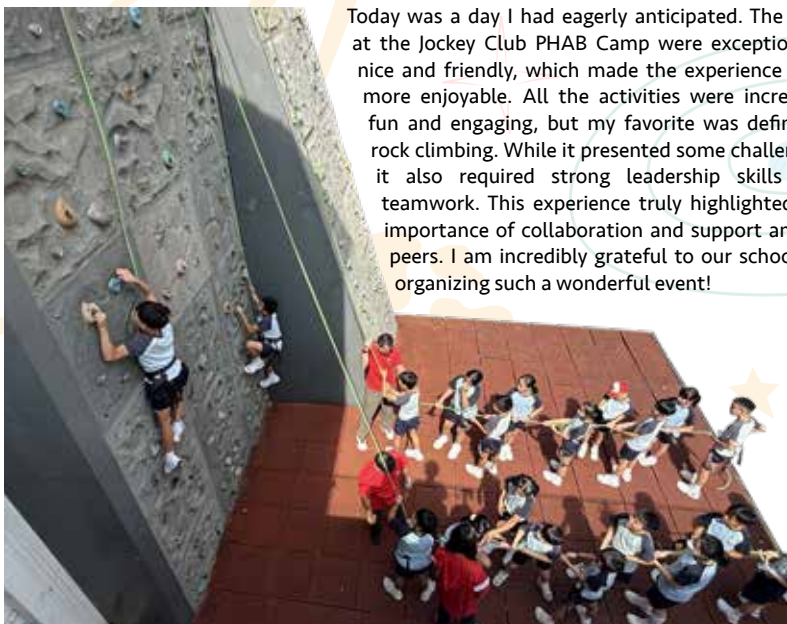

G5 Jockey Club PHAB Camp

5D ZENG Evelyn Ailin

Today was a day I had eagerly anticipated. The staff at the Jockey Club PHAB Camp were exceptionally nice and friendly, which made the experience even more enjoyable. All the activities were incredibly fun and engaging, but my favorite was definitely rock climbing. While it presented some challenges, it also required strong leadership skills and teamwork. This experience truly highlighted the importance of collaboration and support among peers. I am incredibly grateful to our school for organizing such a wonderful event!

G6 Chinese YMCA of Hong Kong - New Territories Centre

6B CHEUNG Hoi Leong Timothy

On Play Day, we learnt about teamwork, perseverance, and embracing challenges. Our first game required us to balance on wooden sticks, teaching us the importance of communication and coordination. The trolley race with plungers highlighted creativity and collaboration as we cheered for each other. We also tackled a climbing challenge that tested our strength and determination. Each activity pushed us beyond our limits. I left feeling proud of our accomplishments and excited for future adventures together!

6D CHEUNG Hiu

Play Day with my classmates was an exhilarating experience. The air buzzed with laughter and excitement as we engaged in games and friendly competitions. It felt wonderful to bond with friends, share moments of joy, and create lasting memories. The sense of teamwork made the day unforgettable, leaving me with a warm sense of happiness and connection. I also learnt that teamwork is an indispensable thing in projects, games, competitions... I hope throughout this day, students could learn more about teamwork and relationships with others. I can't wait for next year's Play Day to come!

LIFE-WIDE LEARNING DAY

A-School always believes that learning shouldn't be limited to the physical classrooms and should be extended outside the school campus. A-School teachers are always eager to provide diversified opportunities to make learning boundless, interactive and fun. Life-wide Learning Day is one of the annual traditional events of A-School. On Life-wide Learning Day, students enjoy exploring various learning themes by participating in different workshops, courses and outings:

G7 Hong Kong Wetland Park & Greenfield Garden – Exploring Hong Kong Wetland Ecosystem

7C CHENG Hei Lam

I absolutely love the G7 Life-wide Learning Day, especially the Wetland activities! It's a fantastic opportunity to explore nature and learn about ecosystems firsthand. Engaging with peers while discovering the importance of wetlands deepens our appreciation for the environment. The hands-on experiences and collaborative spirit make it a memorable and enriching day for everyone involved!

G8 Po Leung Kuk Jockey Club Pak Tam Chung Holiday Camp – Adventure Day Camp for Personal Growth

8C SIN Wang Ho

The Life-wide Learning Day exceeded my expectation! The activities were really exciting. Not only did I learn to cooperate with my classmates in the mini games, I also learnt that with teamwork almost anything can be accomplished! Thank you teachers and the trainers!

G9 Ocean Park Hong Kong – Learning about the Natural Environment and Ecological System

9C LEUNG Yan Yuet

This year's Life-wide Learning Day was such an enjoyable experience! It was a refreshing break from normal schoolwork. Whenever I go to Ocean Park, I always skip straight to the thrilling rides, but having an objective during LWLD encouraged me to explore the less-popular exhibits, which I found enriching! I learnt more about marine ecosystems and ways of conserving the ocean and its sea life. Of course, I also loved spending time with my friends and going on theme park rides too!

G10 School Campus – Senior Associate Day Camp

10D SHING Lok Hin

I gained immensely from this year's Life-wide Learning Day. During the climbing session, I confronted my fear of heights head-on, motivated by the desire to uphold my team's honor. This experience taught me the importance of facing challenges bravely.

In the life simulation game, I started with a lawyer's license but faced setbacks that resulted in losing all my hard-earned money. Undeterred, I worked diligently to rebuild my finances and ultimately achieved success before the game concluded. This experience reinforced a powerful lesson: nothing in life is truly irreparable, and we should never lose hope or give up on ourselves after facing setbacks.

10D WONG Ching Yui

I gained valuable insights during the life simulation game at the SA camp. For instance, I successfully passed the tests to join the police after several attempts, including an extra chance granted by the staff after I advocated for myself. This experience taught me the importance of actively seeking opportunities; if I had been too shy or embarrassed to express my ambitions, I would never have achieved my goals.

G11 Career Sparkle & Tai Kwun – Career Live Experience & Tai Kwun Visit

11A 李毓諾

感謝學校提供這次寶貴的職業體驗機會！這個活動令我對不同行業的職業有了初步的了解和經驗，對自己未來的職業生涯有了更清晰的規劃。我希望日後能夠將這些寶貴的經驗應用在未來的職業生涯中。

G12 Po Leung Kuk Jockey Club Tai Tong Holiday Camp – Residential Day Camp

G11 Humanitarian Education Centre – Simulation Experience of Climate Change

11A TSANG Yuen Ying

Throughout the activities, I learnt how climate change can ruin people's lives both directly and indirectly, especially during the 2030 Climate Act role-play, where we experienced the devastating impact of climate change as locals. We struggled for basic necessities, haunted by scarcity and societal breakdown. All of these underscored the urgency for collective action for me.

12B KWOK Yat Kiu

Away from our usual classrooms, this field trip transported us to the beautiful nature. The verdant wonders drew our attention away from studying and into the exuberance of this afternoon. We delved into delightful conversations as we shared delicious barbecued food and music. On this incredible day, it's not only fun that we shared, but undying laughter and memories. This trip marked an enduring memory on our last high school year, making it the most remarkable of all.

內地與香港青少年朝鮮族文化研習之旅

為了增進學生們對祖國多元民族文化的理解和體驗，本校與深圳市蛇口育才教育集團育才實驗學校於10月12日至17日攜手參加了由文化和旅遊部民族民間文藝發展中心、吉林省文化和旅遊廳、中國民族民間文化藝術交流協會（香港）主辦的「內地與香港青少年朝鮮族文化研習之旅」。這次活動旨在讓學生們近距離接觸並了解有「素衣民族」之稱的朝鮮族的文化遺產和生活方式。是次研學讓師生們都受益匪淺，不僅增進了兩地學生之間的友誼，也讓學生們意識到保護和傳承少數民族文化遺產的重要性。

6E 郭以賀

在此次交流之旅中，我參與了豐富的活動，包括學習民歌舞蹈，體驗傳統服飾等。我深受當地人的文化智慧啟發，尤其是他們獨特的建築和生活方式。這次難忘的經歷讓我更珍惜民族文化，期待未來參與更多交流活動，拓展視野。這次團體旅行讓我與同學老師之間建立了深厚的情誼，也讓我學到了許多寶貴的知識和技能，為未來的成長奠定了堅實的基礎。

8D 孫玉林

遊學的第一天，我們參觀了東北師範大學附屬學校的校史館，和學長們一起聊天，獲益良多。在延邊博物館，看到了不少奇珍異寶和古代的文物。晚上，我們還看到了名揚中外的五彩阿里郎歌舞，令我們十分震撼。之後的旅程中最令人回味的是體驗米糕的製作過程，令人回味無窮。我們還穿着朝鮮的傳統服飾在民俗園裏面拍照，園區充滿了我們的笑聲。

圖們大橋是連接吉林和朝鮮的跨國大橋

小學部

佛山及廣州嶺南文化交流之旅

佛山及廣州的嶺南文化遊學團為豐富學生不同的學習經歷，本校安排五、六級同學參加了教育局「同根同心」內地三日兩夜考察交流活動，到**廣東省佛山和廣州以及番禺**，深入瞭解當地的歷史及文化。

第一天，同學們參觀了**粵劇藝術博物館（新館）**，瞭解粵劇的歷史、文化特色和發展，以及所面對的挑戰和困難。接着，在**廣東省博物館（新館）**內，瞭解廣東省從石器時代一直到現代的歷史進程。

第二天，一行人來到**佛山南風古灶**，這是一座經歷千年風雨仍屹立在嶺南大地上的建築。參觀時，大家都為我國傳統建築工藝中的隼卯結構「斗拱」所展現的高超技藝感到驚嘆！隨後，前往**廣東石灣陶瓷博物館**，親眼見證了祖國陶瓷文化的多姿多彩和博大精深！

最後一天，同學們興高采烈地攜帶親手製作的心意卡來到姊妹學校——**廣州南方學院番禺附屬小學**進行學習交流。隨後進行**水墨畫課程**更讓學生們感受到中國傳統文化的獨特魅力。

6C 胡嘉好

這次樂遊姊妹校非常難得。我們先到學校操場做早操，跟著節拍和音樂伸展和跑圈。接下來，姊妹校的同學熱情招待我們，一起玩團體遊戲和學習國畫畫。我們的語言不同，但相處得都很好。這次能學習姊妹校的文化，十分有趣。

6D 黎貝詩

佛山祖廟的舞獅文化表演是場視覺盛宴。強烈的鑼鼓聲下，舞獅在狹窄的梅花樁上站穩，跟著節奏跳來跳去。表演者再現了獅子的每項細節，像位優美的藝術體操運動員，過程中讓我感受到演出者的厲害，實在大開眼界。

PRIMARY DIVISION

A-School STEAMers Soar to Osaka: Innovating for a Healthier Future!

After winning the Hong Kong division championship, three talented Primary Division students represented Hong Kong at the **International Final of the Universal Robotics Challenge in Osaka!**

These innovative students created the **"SMART Chair,"** which monitors sitting time and provides AI-guided stretching exercises, addressing SDG 3: Good Health and Well-Being.

Throughout their half-year project, our STEAMers engaged in the Design Thinking Cycle. They carefully observed the needs of their target audience and conducted thorough research to explore various solutions. By incorporating feedback from users, they continually refined and improved their product.

They presented their solution to global judges at the competition and explored STEAM booths from Austria, Japan, and Malaysia. We are proud of their hard work.

5B LAM Chun Wai Milton

I gained valuable insights into design thinking. Discovering local food and culture and navigating the metro system, infrastructure, and modern fleet made the trip even more entertaining and informative.

6B NG Tsz Lok

We discovered ways to run a product using coding! We also improved our public speaking skills by introducing our product to visitors.

6B TANG On Yu

It is a pleasure to be in Osaka to learn and share our thoughts with others.

沙田區民政事務專員余懷誠先生JP與師生觀看升旗儀式

香港城市大學協理學務副校長張澤松教授發表演說

愛國歌手張明敏先生BBS演唱《我的中國心》

慶祝中華人民共和國成立75周年 祝願祖國昌盛繁榮

今年是中華人民共和國成立七十五周年。作為培養踏上中華民族復興新征程的未來主人翁，本校舉行了一連串精彩絕倫的慶祝活動，以增添喜慶氣氛及提升國民身份認同。

2024年9月30日上午，本校舉行了莊嚴的升國旗儀式和盛大的典禮。活動邀請到一眾尊貴的嘉賓出席，包括沙田區民政事務專員余懷誠先生JP、沙田區議會成員、學者專家及家長代表。香港城市大學協理學務副校長（數碼學習）及電機工程學系張澤松教授更到場發表主題演講，深入闡述國家發展歷程，回顧了祖國75年來取得的輝煌成就。

我們的同學亦獻上精彩文藝演出，包括小學部中國舞隊表演在第六十屆學校舞蹈節獲獎作品及本校在新西蘭獲金獎的中學合唱團A-Singers獻唱；以及獲獎無數的中學部中國鼓隊亦會以勁道鼓聲為祝賀祖國增添力量與風采。更令人驚喜的是其中一位同學的家庭成員、著名的愛國歌手張明敏先生BBS現場演唱，以家喻戶曉的《我的中國心》唱出華夏兒女對祖國的深情與熱愛，喚起大家的民族自豪感。

當日場內氣氛熱烈，充滿濃厚的愛國情懷。校園內又舉辦《砥礪前行—慶祝中華人民共和國成立75周年專題圖片展》，展示了國家巨大變革進程。

沙頭角抗日史蹟實地考察團

本校特於2024年10月18日舉辦「沙頭角抗日史蹟實地考察團」，讓四至六年級學生親臨沙頭角抗戰紀念館及周邊史蹟，實地追溯港九大隊在抗日戰爭中抗敵的歷史足跡。

學生通過紀念館內的歷史講解和戶外步行探訪，重溫當年港九大隊的英勇事跡。相信這次考察之行將引發學生對歷史的深刻共鳴，加深學生對香港在抗日戰爭中的歷史角色的認識。考察團不僅是一次深具意義的歷史學習，更是對學生愛國意識的強化培養，激發他們對國家與香港深厚聯繫的認識與珍視。

5A 高錦浩

通過這次實地考察，我深刻體會到國家和平的得來不易，港九大隊以生命和鮮血守護家園的精神尤為可敬。我要銘記歷史、珍惜當下，努力學習，為國家的繁榮和發展貢獻自己的一份力量。

璀璨藝匯

為慶祝中華人民共和國成立75周年，教育局課程發展處邀請香港學校音樂節、香港學校朗誦節、學校舞蹈節及香港學校戲劇節等四項表演藝術比賽得獎學校或優勝者參與匯演。

本校小學部中國舞隊於活動內表演在第六十屆學校舞蹈節獲優等獎的項目《梨園俏妞妞》。

觀看節目

乒乓球國慶挑戰盃

乒乓球被譽為中國的「國球」。我國運動員在國際比賽中表現出色，尤其在剛過去的巴黎奧運會中，更奪得五面金牌呢！中國乒乓球隊自1996年亞特蘭大奧運會起，先後**五次在奧運會包攬乒乓球項目的所有金牌**，成就絕對值得我們驕傲！

有見及此，本校舉辦了「**中華人民共和國成立七十五周年乒乓球挑戰盃**」，旨在讓學生進一步認識乒乓球並為即將舉行的校際比賽做更佳的準備。

經過一輪激烈的比賽，中學及小學男子及女子組的冠軍組成混雙組合進行總決賽。四位運動員均為去年不同全港比賽的冠軍。在五局三勝的比賽中，四位運動員均發揮出極佳的水平，水準之高令觀賽的老師和同學們都驚嘆不已。最後，七年級的**張嘉鈺**和六年級的**季倫熙**以三比二險勝十二年級的**蔡楠**及六年級的**鄭怡然**，獲得總冠軍！四位運動員除了獲得獎盃和熱烈的歡呼聲外，學校更獲得由主禮嘉賓**王庭聰先生**及**南旋集團主席王槐裕先生MH**贈送附有**中國三位奧運乒乓球金牌得主孫穎莎、馬龍及王楚欽的簽名球拍**，期望藉此鼓勵同學堅持夢想、追求卓越。

南旋集團主席王槐裕先生 MH (右一)擔任頒獎嘉賓

參觀香港抗戰及海防博物館

為使學生對抗戰歷史及香港的海防和軍事變遷有更深刻認識，本校十一年級學生於2024年10月25日參觀**香港抗戰及海防博物館展覽**。學生參觀了24個保留了當時軍事設施的史蹟點，包括建在岸邊岩洞內的魚雷發射站、屹立山嶺上的鯉魚門堡壘、多座炮台及溝堡等。學生透過史蹟徑認識到香港海峽自古以來已是國防戰略要地，同時也能感受到香港在抗戰時期的歷史與軍事氛圍，更可欣賞人工建置與自然景觀交織之美。

11B 陳曉琪

海防博物館的參觀經歷讓我受益匪淺。在博物館內，我看到了多樣的展覽，更有專員隨身解說，讓我貼切和深入了解每件展品背後都藏著動人的故事，讓我感受到保衛海域的艱辛。這次參觀不僅增強了我對國防歷史的認識，了解到海防的發展和重要性。讓我更加珍惜現國家安全的重要。

11C 黃焯詩

通過這次體驗，我看到了20世紀初不同的兵器和炮彈，並更深入了解一個隱蔽式炮台的構造。在導遊的解說下，我對於點燃炮彈這看似簡單的行動有了新的認識。在一個長期悶熱的環境中，操作一套不能有任何失誤的繁複步驟，並且要不斷重複同一個步驟，實在是一件非常辛苦的事情。這讓我感受到現在能夠有安穩的生活，前人的付出實在不少，真是得來不易。

國慶書籤製作

Highlights of 2024 Graduates: Varied Experiences, Diverse Perspectives

Examination Results of
GCE AL & HKDSE 2024

POON Yeuk *Awardee of Hong Kong Scholarship for Excellence*

Current Student at School of Medicine, Imperial College London, UK

An interesting parallel lies between me and A-School – we were born in the same year. That might explain how strikingly similar we have matured. In contrast to the conventional schools, A-School prioritised whole-person development. Be it academics, arts, or sports, there is always a place, and the right resources for you. The teachers understood how important it was to broaden your horizon, to lead you up the mountain and show you the view on the summit, so you

had everything you needed for your next adventure. The classmates showed you how the journey to the peak may be just as precious, if not more, than the view from the summit, because the dazzling moments were so pretty.

Everyone at A-School played an integral part in laying the solid and sturdy foundation, from which we stand and rely on, to realising our vocation – no, your dream doesn't have to be big, just walk out your unique path!

Our next chapter commences, with both me and A-School matured. I made it into one of the best schools for my subject, while A-School harvested the crops across every playing field. No matter where our next destination is, it is imperative to preserve A-School's founding spirit, that is, to Strive for Excellence.

You might be a little disoriented and lost on the way, and frankly, I am still uncertain of the path ahead. But I looked back and saw all that A-School gave me was indispensable to making it where I am now.

When you finally land on a branch, remember who taught you how to fly.

LEE Sze Wing *Awardee of Hong Kong Scholarship for Excellence*

Current Student at Dyson School of Design Engineering, Imperial College London, UK

It still feels unreal to be a student at Imperial College London. I remember how excited and nervous I was when entering the classroom on the first day of school, wanting to meet talented people from around the world and learn all the interesting knowledge from my course. I enjoy my course since it teaches me topics that I have never covered before, such as materials science and design engineering principles. I also get hands-on experience in prototyping through

projects, which I find challenging and fun.

At first, it was challenging to live alone in an unfamiliar place and take care of myself without my parents. But after a month in London, I am getting used to school life. My daily journey to school is a 30-minute walk through Hyde Park. It is so calming to see such breathtaking scenery. Even after a month of being here, I am still amazed by every walk to school.

I am very thankful for the 12 years I spent at A-School. The GCE A-level programme allowed me to discover an alternative study path that suits me better and made my further studies pathway easier. This has made me believe in myself and realize how far I can go with my talents.

HUI Vinci

Current Student at Li Ka Shing Faculty of Medicine, University of Hong Kong

University has been fun and busy so far, with new friends and many different activities.

However, I still can't get over the feeling of missing my friends, classmates, and teachers from A-School, along with all the memories we made. I will never forget the support I received from my friends and teachers when I was stressed and feeling lost. I am very grateful that A-School provided the GCE A-level curriculum, which was suitable for me. The

teachers provided us with many useful resources and did their best to identify and clarify our misconceptions, helping us get through the public exams. They also guided us through the tedious process of applying to UCAS and universities, refining our personal statements and constantly reminding us to submit everything before the deadlines.

Apart from studying, A-School also offered many activities, opportunities, and clubs for us to explore and taught us how to be better individuals. Being part of a uniformed team trained our discipline and communication skills and allowed us to step out of our comfort zones. I participated in science competitions and projects, which provided a completely different experience outside the classroom.

I am very thankful for my time at A-School, where I was provided with an environment that facilitated my learning and personal development.

CHAN Hin Chi Jacob

Current Student at School of Biodiversity, One Health and Veterinary Medicine, University of Glasgow, UK

High school has been an incredibly transformative experience for me, filled with challenges, growth, and valuable achievements. As I navigated rigorous coursework, extracurricular commitments, and personal development, I became more focused on my academic goals and future aspirations. One of the highlights of my high school journey was receiving two prestigious scholarships: the Dr. KK Wong Scholarship of Excellence and the Medical and Life Science Scholarship.

Receiving the Dr. KK Wong Scholarship of Excellence was a turning point for me. This award, given to students who excel academically and demonstrate leadership, validated the hard work I put into my studies. Beyond the financial support, it motivated me to strive for excellence and to use my skills to make a meaningful impact. It taught me that dedication and resilience are essential for overcoming challenges.

My high school experiences and these scholarships also set me up for success in my transition to university. With the Medical and Life Science Scholarship supporting my passion for science, I gained valuable insights and experiences that helped me secure a place at the University of Glasgow to study veterinary medicine. My high school foundation, with its focus on time management and academic rigor, made my adjustment to university smoother. As I dive deeper into veterinary medicine, I find myself drawing on the skills I developed in high school, from managing a demanding schedule to embracing new learning challenges. These scholarships and experiences have not only fueled my ambition but have paved the way for me to pursue my dream career in veterinary science.

DENG Chun Nam

Current Student at Faculty of Engineering, Faculty of Science School of Computing and Data Science, University of Hong Kong

Studying actuarial science at HKU is a challenging yet rewarding experience that constantly demands my full dedication and focus. Balancing the rigorous academic curriculum with extracurricular interests was a juggling act that I embraced wholeheartedly.

One significant aspect of my time at HKU was the commitment I made to excel in my studies. The programme's intensity pushed me to my limits, requiring long hours of study, problem-solving, and critical thinking. I immersed myself in the world of actuarial science, determined to grasp complex concepts and excel in my coursework.

Despite the academic demands, I also sought opportunities to engage in extracurricular activities. Joining the Film Society with friends from secondary school provided a welcome escape from the intensity of my actuarial studies. Together, we explored our shared passion for cinema, attending screenings and engaging in discussions that enriched our university experience.

Reflecting on my journey from secondary school to HKU, I take pride in the accomplishments achieved during my time in secondary school. These formative experiences instilled in me the values of hard work, perseverance, and collaboration, traits that have been instrumental in my academic pursuits at university and beyond.

CHAU Yui Yan

Current Student at School of Architecture, Chinese University of Hong Kong

Being a student in university is certainly daunting. Stepping foot into university, I am enveloped in excitement. I am excited to meet new friends and improve my socialization skills. I also look forward to broadening my horizons by diving into the sea of knowledge through actively attending lectures and tutorials.

Sometimes, I miss my life at A-School. The days of chatting with friends, studying together for the HKDSE, and staying after class to prepare for exams—these memories will forever be etched in my mind. I wouldn't be in university without the help of the wonderful teachers at A-School. They would always take the time to teach and explain concepts to me after class whenever I struggled to keep up. It is true that life at A-School was rather tough, as we had to spare no effort to achieve flying colors in the HKDSE. But I certainly reminisce about those times, as they are wonderful gems to me.

CHONG Sum Yin

Current Student at Business School, University of Hong Kong

As I reflect on my first two months at university, I can't help but feel a mix of exhaustion and exhilaration. The transition to this new environment has been both tiring and amazing. With countless social events and orientation camps to attend, every day has been filled with new faces from diverse backgrounds. Each person I meet brings unique insights and perspectives that enrich my experience.

It's hard to believe that just a short while ago, I was in Grade 12, navigating the intense pressures of exams and endless supplementary classes. The hustle was real—studying until 1 am, battling mental breakdowns, and striving for that coveted spot in a good university. I'm incredibly grateful for the unwavering support from my teachers and classmates during those challenging times. Looking back, despite the stress, I find myself missing the laughter we shared, the playful pranks, and the unforgettable days at A-School.

To all current students reading this, I urge you to cherish every moment. You might be feeling overwhelmed by deadlines and uncertain about your future, but these days in A-School are truly special. Live in the moment, embrace the friendships, and make the most of your time. Trust me, you will look back fondly on these experiences.

CHEN Chun Yin

Current Student at Department of Rehabilitation Sciences, Hong Kong Polytechnic University

Everything about university life is new to me—new people, new environment... Every day is fruitful and exciting. Yet ever since I graduated, I cannot help but miss my teachers and friends at A-School.

As an A-School student since primary school, I was fortunate to participate in various leadership programmes like Excel33P and take on roles such as Chamber Vice Chairperson. These experiences taught me to always be proactive and

seize opportunities to try new things. They shaped me into someone who actively participates in university activities, even electing to be part of the upcoming Occupational Therapy Student Society!

A-School provided me with the chance to study under the GCE A-level curriculum. Whenever I struggled with a specific topic, my teachers were patient and helped me clarify my concepts. I was uncertain for a long time about choosing my degree and university, but their unwavering support guided me throughout the journey, ultimately helping me realize my desire to help others and pursue Occupational Therapy at PolyU!

I am excited about what lies ahead in my university life. Thank you, A-School, for shaping me into the person I am today!

KWOK Hei Yin Hailey

Current Student at Royal Veterinary College, UK

My journey at university began in September. The transition from secondary school to university is a significant milestone in my life, filled with challenges. As I stepped onto the campus of my dream university, I felt a mix of excitement and apprehension. I had to learn how to manage my time efficiently to maintain a work-life balance. Fortunately, my friends and classmates are always there to support me as I navigate settling down in a new country.

The process of applying to universities and finding my future pathway is never easy. I am fortunate to have had excellent teachers at A-School who guided me through the entire process. I am also grateful for the interview training and resources that A-School provided to help me prepare. I vividly remember the camaraderie with my classmates as we attended lessons and studied for exams together. Each of these experiences has contributed to my personal growth. The unforgettable memories I created with my beloved friends at A-School over the past six years will always hold a special place in my heart. As I continue my university studies, I carry with me the lessons I learnt and the friendships I formed at A-School.

CHOW Yuk Ki

Current Student at School of Engineering, Hong Kong University of Science and Technology

As the sun rises over the beautiful campus of HKUST, I find myself at the start of an exciting new chapter alongside many fellow Year 1 students. This transition from high school to university is both thrilling and intimidating. I am filled with dreams and passion, eager to embrace the challenges and opportunities that awaits.

The shift from the structured environment of A-School to the independence of university life presents its own set of challenges, from managing my time effectively to navigating rigorous academic demands. However, the prospect of meeting new friends, reconnecting with old ones, and exploring diverse interests makes every challenge worthwhile. While the transition can be daunting, my excitement far outweighs any nerves.

Reflecting on my two years at A-School, I cherish the supportive environment and dedicated teachers who have shaped my journey. Their encouragement, especially my math teacher's reminder that "with great determination comes great reward," continues to inspire me.

To my fellow A-School students: Challenges will come your way, but they are opportunities for growth. Stay resilient, and don't be afraid to seek help when you need it. As you approach the end of your high school journey, remember that this is just the beginning. The world is full of possibilities, and I can't wait to see how each of you carves out your own unique path.

LI Sum Yee

Current Student at Business School, Chinese University of Hong Kong

My first day as a university student was both terrifying and exciting - new environments, new friends, and new schedules. It took me a while to adapt to university life. I am grateful to have met new friends and had the opportunity to perform with the Rope-skipping Society in different events at CUHK.

I never thought I would say this, but I often miss my secondary life at A-School. I miss the days when my friends and I would hang out after class, gossiping, just being there for each other, and stressing about our upcoming A-level exams.

I would have never gotten through the exams without them.

I would like to express my gratitude to all my teachers at A-School. Thank you for your patience and for supporting me as an athlete. You allowed me to focus on my training while keeping up with my academics. I was very confused and lost when I first encountered the university application process, and I am thankful to have had teachers guiding me through every step, ensuring no mistakes were made and that our applications were as close to perfect as possible.

WONG Shing Chun Charles

Current Student at Swiss Hotel Management School, Switzerland

It has been a few months since university life began. Reflecting on my first day in Switzerland, I didn't initially feel like I was going to study until I stepped through the doors of my university. The new faces and the business attire worn by the students were striking, and the kitchen and service practices that take place each week were tiring, which makes the school stand out even more as a hospitality institution.

As classes started, I developed a deeper appreciation for the education system that A-School has provided. Whether it was support with university applications or strategies for tackling important exams, the guidance I received has been invaluable not only during my primary and secondary education but also in my university experience. The ability to manage stress during midterms and connect with new people are essential life skills I acquired at A-School.

Even though I have moved on from A-School, it holds a special place in my heart. I treasure the moments spent there with my friends and teachers. I hope A-School continues to uphold its standards of excellence and my fellow schoolmates enjoy their time there as much as I did.

LAWRENCE Chika Hence

Current Student at Business School and Faculty of Engineering, University of Hong Kong

The transition from A-School to university has been an exciting yet challenging journey. As a part of living more independently, I learnt how to manage my time amidst lectures, study sessions, and my involvement in the French Society and Film Society. Both societies have been a haven for creativity and connection whereby one would get time to explore his passions and forge friendships that make the transition less bumpy.

I found university life to be a strong catalyst that compelled me to come out of my comfort zone and experience new things. I find it quite intriguing how interaction with diverse viewpoints develops my perception about the world and shapes both personal and academic growth. Each new day brings along new opportunities to learn, share, and relate with my peers, which constitute a community that means a lot to me.

In retrospect, life is a route with unending obstacles. Just as the pressure of the public examination was there, I am approaching university in much the same way - resiliently and determinedly. Every obstacle that I learn reminds me to move forward, even in those times when everything seems to be way over my head. Embracing every experience helps me build a complete, enriching life full of learning and meaningful connections, which allows me the opportunity of thriving on this journey.

FUNG Wai Ho

Current Student at School of Engineering, Hong Kong University of Science and Technology

Throughout my journey in A-School, the school provided me with numerous opportunities to delve into different interests. I gained insights into engineering by joining the robotics club, honed my leadership skills as a member of Digital Sergeants, and received first aid training through St. John Ambulance Brigade. Engaging in other learning experiences outside the classroom fostered an all-rounded development and provided me with valuable lessons that were instrumental in my personal growth.

There were countless school events that left me with memorable moments. From the Athletic Meets to Inter-chamber Competitions, the cheering sounds and lingering echoes of youthful enthusiasm remain vivid in my memory. I was truly thankful to everyone who created these remarkable times with me.

Of course, it wasn't all sunshine and rainbows; there were also hardships and struggles. I want to express my deepest gratitude to all the teachers and the further studies team who offered unwavering support during hard times when we were immensely stressed on HKDSE and JUPAS deadlines.

The friendships and memories here are treasures that you'll always look back on fondly. Although academics might be overwhelming at times, A-School is not a place of Stress and ension, but of Successes and Triumphs.

YAU Hoi Ting

Current Student at School of Business and Management and Division of Environment and Sustainability, Hong Kong University of Science and Technology

Stepping into the third month of university, I have started to feel more accustomed. Everything feels new yet reassuringly familiar, as I find myself immersed in classes and group activities that bring back memories of my secondary school days. I am grateful to be a student at A-School; it has equipped me to be better prepared for my future journey.

Twelve years ago, I entered school as an innocent child, and now, twelve years later, I have graduated as a more mature adult. Throughout this journey, I've had incredible experiences, such as traveling to places like Cambodia and Australia during my excursions and participating in university summer courses at UMKC. I've taken on various leadership roles, including serving as the Head Prefect and the Chamber Chairperson. I represented the school in inter-school swimming competitions and had the chance to be an emcee for school events. Additionally, I was encouraged to join leadership programmes like HK200 outside school. I truly can't think of another school that can offer me such a variety of learning experiences and invaluable opportunities to grow.

If I had to choose one aspect that best represents what I have learnt the most from school for my university life, it would definitely be the importance of stepping out of my comfort zone. It is this bravery that allows me to connect with people beyond my major and participate in case competitions just two months into university.

Undoubtedly, the twelve years in A-School will always be my most memorable days.

謝善瑜 Admission by Student-Athlete Learning Support and Admission Scheme

現就讀香港中文大學心理學系

成功入讀香港中文大學心理學並非只憑我在網球運動生涯的卓越成績，學校提供的協助也非常重要。當我在海外比賽及集訓時，很多時候都不能上課，學校總會第一時間把當天的課堂重點和作業電郵給我，讓我可以繼續後學習。當我在學習上遇上疑難時，老師們都很耐心地教導我，讓我在網球和學業取得良好的成績。

心理學讓我瞭解自己的心理，幫助我在比賽中調整心態，發揮水準。心態比技術重要。香港游泳選手何詩蓓小姐曾說：比賽八成看心理，兩成靠技術。雖然很多人都說兼顧職業與學業很辛苦，但我樂在其中，這種忙碌的

生活使我的人生充滿意義。

非常感謝校長、老師和同學們12年來的支持和鼓勵。每次回到母校，我都感到很溫馨，就像回家一樣。

我會繼續努力，為港為校爭光！

LO Ming Hei Anson

Current Student at Business School, University of Hong Kong

Transitioning from A-School to university was a whirlwind of emotions for me. As I stood on the precipice of this new chapter, I felt a rush of excitement mixed with a tinge of fear. The idea of stepping into a world brimming with opportunities and challenges was both exhilarating and intimidating.

I remember the butterflies in my stomach as I packed my bags and said goodbye to my family and friends.

Leaving behind the comfort of my home and the familiarity of my secondary school felt like stepping into the unknown. There was a sadness in parting ways with the people and places that had shaped me, but also a deep sense of anticipation for what lies ahead.

However, from day one, the campus buzzed with energy. Orientation camp was an absolute blast! It kicked off my adventure by introducing me to not only the layout of the university but also to so many incredible people. I remember walking around, trying to figure out where my classes were while making new friends who were just as lost as I was. These shared moments of confusion turned into laughter at last.

Those months passed, and I began to find my footing. The campus started to feel like home, and the initial fears gave way to a growing sense of confidence. I realized that the challenges I faced were opportunities for growth, and the journey of self-discovery was just beginning. The transition from secondary school to university was not just about academic advancement; it was a transformative experience that shaped my identity and prepared me for the future.

Reflecting on these initial months, I feel grateful for the A-School and the experiences I've had. As I continue this journey, I can't wait to see what the future holds and how I'll evolve both academically and personally. Here's to the next exciting chapter in this incredible adventure!

NG Ka Wa

Current Student at Faculty of Engineering, University of Hong Kong

At A-School, my evolution has been a phenomenon—full of vicissitudes and victories that have cultivated my scholarship as well as my humanity. Right from the time I arrived on the campus, I was a part of different people with different talents who worked together with respect to innovation and creation.

The intensive programme has also challenged me to go beyond my limits, which has promoted better appreciation of my area of study. The impact of this award on my studies has been great. It erased most of my financial obligations in addition to giving me the reason to work hard. The assistance I got from the award enabled me to receive some priceless

help and attend various functions that completed my education. I was also able to meet various leaders from the industry and attend skill-building workshops.

When I look back at everything that has been done, I cannot forget how much I contributed to different activities and projects that A-School offered to its students. These experiences, in turn, showed me why persistence, working in a team, and being a leader were essential. I came to understand that the defeat is only a temporary diversion on the way to accomplishment, where it has played a crucial role in my development. However, I am appreciative of how A-School has looked after me and the connections that I have forged within the institution as I stare into the distance.

Thanks to my fellow students and mentors, I am motivated to pursue my dreams with enthusiasm and energy, and I am looking forward to taking the next steps of my university life.

YU Tin Long

Current Student at Faculty of Social Sciences, University of Hong Kong

Transitioning from a secondary school student to a university student wasn't easy.

You would need to excel in time management and include enough time for breaks between lectures. You would be forced to group with people you haven't met in your life and must socialize and cooperate with them to churn out a good grade. University isn't smooth sailing. You still strive for midterms, finals, and group projects to get a high CGPA (Cumulative Grade Point Average), and graduate with flying colors. Most of the time you won't be partying, or chilling on your bed.

You would be either typing your homework or studying restlessly as if you're back in your final months of secondary school.

This is reality. University isn't as easy as a walk in the park. You can be 'happy', sure. Beware though, for your life choices may lead to insufferable consequences. I like my university life a lot though. I enjoy reading the enormous book collection they have here in HKU. I enjoy the environment in Centennial Campus. I enjoy socializing with old and new friends. But if you wish to pursue a more fruitful university life, then go for it. My university life, I'm afraid, does not align with that of your expectations. There are infinite possibilities of how your university life will turn out.

Finally, if you aren't familiar with university academic writing (and don't mind the workload), take CAES1000 (even if you can omit it).

LAI Cho Him

Current Student at School of Engineering, Hong Kong University of Science and Technology

Studying at A-School has been a wonderful experience that I cannot relive. I still remember how fun it was to play with my classmates during recess and lunchtime, study, and do the HKDSE past papers together. It is truly an unforgettable moment in my life.

During my time at A-School, I was lucky enough to meet some wonderful classmates and friends.

Moreover, I got to meet experienced teachers who can provide valuable advice and guidance. I am grateful for the opportunity provided by A-School. Through the interview with HKUST, the school recommended me, which helped me get admitted to HKUST.

My university life at HKUST has been enjoyable. The lectures are more advanced and varied, which is very new to me. From civil engineering to computer science, HKUST offers a variety of courses to freshmen, which help us gain a better understanding of different majors.

At HKUST, I also have the chance to participate in various activities. For example, a field trip to the former Sham Shui Po Service Reservoir and the Warner Music HK school tour. These activities are extremely fun and exciting.

TSO Ka Hing

Current Student at School of Science, Hong Kong University of Science and Technology

Strolling by the seaside,
Beneath the moonlight's glow, I abide.
Loneliness envelops me, yet I feel it not so,
As echoes of school days linger, shadows ebb and flow.
Though the moonlight is harsh, it pales beside society's blade,
Its cruel reflection fades, where memories have stayed.

When honor's physics course seeks to claim my will,
"Trust your instincts in physics; let intuition fill."
My shadow whispers wisdom, Dr. Wong Ka Ho,
Guiding me through turmoil, igniting the inner glow.

What shall I do while grappling with essays and prose?
"Mind your structure and coherence; let clarity compose."
Dear Ms. Maggie Ng's lessons linger in my mind,
Her counsel shapes my writing, ensuring I'm aligned.

When faith begins to wane, and stress pulls me to the ground,
One shadow, then two, then three, in love's embrace I've found.
My cherished A-School family, their presence lights my way,
These shadows nurture strength, forging me anew each day.

Though shadows may grow faint, their essence remains clear,
In memory, they flourish, forever held so dear.
Through trials and tribulations, I rise to face the test,
With shadows by my side, I am truly blessed.

Special thanks to all my teachers,
For being kind and guiding creatures.

CHEE Tik Yan Everson

Current Student at College of Computing, City University of Hong Kong

It has been a lengthy 2 months since my term at CityU started. From making numerous international friends to officially joining the English Debating Team, campus life has been excellent yet busy at the same time due to my upcoming midterms. Despite my fruitful experiences, I still haven't forgotten my wonderful memories at A-School.

A-School has guided my academic journey, leading me from primary to secondary school with patience and care. I am deeply and sincerely grateful for the school's aid and the numerous programmes and expositions that allowed me to explore my interests in Computer Science. The school has also given incredible guidance in my academics. The memory of preparing for the HKDSE, with its constant stress and fear for failure, is still fresh in my mind. However, the teachers at A-School recognized my concerns and provided me with invaluable support, helping me to calm my nerves and approach the exams with the right mindset. Their support was crucial to my attainment in the public exams.

Studying at A-School allowed me to realize my full potential and have the resources to strive for my goals simultaneously. I'm incredibly thankful for my time here at A-School; it has guided me well to a bright future due to its incredible staff and plentiful resources.

LI Hop **Admission by Nomination Scheme For Elite Athletes**

Current Student at Department of Health and Physical Education, Education University of Hong Kong

I won't forget how A-School has nurtured me and provided the platform for me to shine. I am sincerely grateful that A-School has unlimited support and top-notch resources for students. I would also like to give a big thanks to the Volleyball Team. If I didn't have this team, I couldn't have achieved much.

Although the start of my semester was full of challenges, such as being lost on campus and not able to handle my assignments, I still have a great university life. I met a group of friends that are passionate about sports. This is a great opportunity to understand different types of sports. I am glad that I could continue exploring the beauty of sports.

I am sure you will miss A-School after you graduate. I hope all my fellow students cherish the moments at A-School and stay positive.

YIP Jun Yu Eugene

Current Student at School of Engineering, Hong Kong University of Science and Technology (Guangzhou), China

Reflecting on my time at A-School, I recognize how it has profoundly shaped my beliefs and prepared me for university life. One of the most important lessons I learnt is the value of resilience. Throughout high school, I faced various challenges—difficult subjects, balancing extracurricular activities, and social dynamics. Each setback taught me that obstacles are opportunities for growth, a mindset I will carry into my university experience.

A-School also emphasized the importance of community and collaboration. Working on group projects allowed me to appreciate diverse perspectives and the strength found in teamwork. Now in university, I engage actively with classmates, try things I've never thought of, and join clubs, fostering connections that create a sense of belonging.

Critical thinking and open-mindedness were further essential lessons from A-School. I learnt to approach problems analytically and to respect differing viewpoints. This skill will be invaluable as I engage in rich discussions at university, where diverse ideas thrive.

Finally, A-School instilled in me a passion for lifelong learning. My teachers inspired curiosity, encouraging me to seek knowledge beyond the classroom. As I transition to university, I am excited to explore new subjects, engage with professors, and embrace every learning opportunity.

In summary, the values and beliefs nurtured at A-School will guide me as I navigate the challenges and opportunities of university life. I am grateful for the foundation it has provided and look forward to the journey ahead.

中國廈門

探索土樓歷史建築，城市發展與交流之旅。

4C 毛睿敏

旅程中，最讓我印象深刻的便是鼓浪嶼了。鼓浪嶼別名叫「圓洲仔」，鴉片戰爭後，西方強國蜂擁來到鼓浪嶼建造別墅公館。二、三十年代，許多華僑也回鄉創業，同時建造了獨特新穎的別墅住宅。短短十五年內就建了一千多幢。看到這麼多風格迥異的別墅，我真是大飽眼福！

4D 伍式和

在這次廈門遊學團中，最讓我印象深刻的便是拜訪廈門海滄延奎實驗小學。起初，我十分擔心與延奎的同學們會因為文化背景的不同、沒有共同話題，從而產生隔膜。但是經過同上公開課、小息時一同到操場嬉戲，我們在短時間內便建立了情誼。每晚睡前看到同儕送我的禮物，我的思緒像是回到當時，真希望他們也能訪港遊學，這樣我們便能再續前緣。

TRANSFORMATIVE JOURNEYS TO GLOBAL PERSPECTIVES

Participating in overseas excursions to destinations in Mainland China, Southeast Asia, Australia, and Europe provided our students with invaluable experiences. These trips broadened their cultural understanding, allowing them to interact with diverse communities and appreciate different perspectives.

Students gained firsthand exposure to global issues and practices, enhancing their critical thinking and adaptability. Engaging in local customs and traditions fostered a sense of empathy and global citizenship. Their language skills through immersive experiences were improved, making learning more relevant and exciting, while the collaborative nature of group travel also strengthened friendships and teamwork abilities.

Overall, these journeys have inspired our students to be more curious and confident, equipping them with the skills and mindset necessary to thrive in the interconnected world.

中國北京

探索中國首都歷史遺迹、中國歷史和國家發展。

5A 馮曦儀

北京的美食非常美味，每一餐都讓我回味無窮，全班同學都吃得津津有味。從北京烤鴨到各種小吃，讓我們大開眼界，體驗了真正的北京味道。

我們觀賞了雜技村的奧森夢幻劇場，精彩的表演令我們大開眼界，印象深刻。表演驚險刺激，技藝高超。老舍茶館則展現了傳統的茶文化和精彩的京劇表演，讓我們對中國傳統藝術有了更深的了解和感受。

5A 張朗睿

這次北京之旅中令我印象最深刻的，就是萬里長城。

常說「不到長城非好漢」，長城在世界上也是非常有名的。我們踏足的是八達嶺長城——天下九塞之一。首先，我們向南走了約三個城樓。接着便開始往北走。我深深地感受到長城的雄偉，它彷彿一條高山上的巨龍，穿梭於山脈間。我終於體會到站在那壯觀的長城上的感覺，感到非常難忘。

Tokyo, Japan

To understand Sustainable Development Goals (SDGs) in urban planning and technology in visual arts.

中國廣州

了解企業家的可持續發展理念和智慧城市中的創新理念。

4D 彭一心

我不但見識到生物科技技術和科學知識如何實現可持續發展理念，更學習到與我們每天生活息息相關的發電原理。今天，我們參觀了廣州市第四資源熱力電廠，通過遊戲認識了回收垃圾的方法，真令我大開眼界啊！

**6B KWOK Yik Wei**

My favourite activity in this learning trip is going to the Japanese school. The students were very energetic and they introduced themselves to make new friends and others. We can also ask them questions and we played with them very happily and joyfully. This experience was unforgettable and I hope to come to their school once again.

6B NG Sze Tung Chloe

One of the most memorable highlights of the journey was the visit to teamLab, which left a lasting impression on me. The experience was truly extraordinary and unlike anything I had ever encountered. The level of intricacy and dedication that the creators poured into creating such a captivating and interactive space was truly awe-inspiring.

Seoul, South Korea

To understand sustainable development goals (SDGs) in urban planning and technology in visual arts.

**6C AU YEUNG Aiden**

The 5-day trip to Seoul was a blast. We went to a lot of olden temples where we learnt about the royal house in Korea, as well as the Hyundai Motor Company Factory, where we found out how Hyundai cars were made. Let's not forget the whole purpose of the trip, making 4-D Frame creations! Our group created a mini roller coaster for a small marble.

We ate a lot of Korean cuisine in between the activities as well, like the chicken soup we had on the first day, some black noodles and some Korean fried chicken! This excursion was amazing and challenging, as it was my first trip away from my parents, though I eventually handled all that 'taking care of yourself' stuff alongside my roommate.

**4D 鍾禮謙**

我們一行四十多人到達一家細胞科技公司，那裏的實驗室規模不小。我們要戴上防塵頭套、鞋套和實驗袍才能進入實驗室參觀，通過顯微鏡看到有「萬能細胞」之稱的幹細胞，還看到了血液分離樣本，讓我們都歎為觀止！

**Queensland, Australia**

To strengthen effective communication, teamwork and leadership skills by outdoor pursuits, voluntary works, and service learning.

**6C HUANG Shanming Coral**

G'day mate! Here in Australia is such a paradise for both humans and animals. I learnt that K'Gari Island is the only place in the world that has a whole rain forest growing on pure sand. I really liked the clean and quiet whispering creek that is so clear that I've mistaken it as the ground. I really liked my homestay family. They always made sure that we were feeling well and made us appetizing, delicious food every day. They've made us feel welcomed and I really enjoyed their company!

Germany

To strengthen Germany language learning and cultural experiencing in Germany.

Germany

To strengthen Germany language learning and cultural experiencing in Germany.

7B SHAM JESSIE

On our unforgettable school trip to Germany, we visited world-renowned museums and charming churches in Mannheim, Frankfurt and Heidelberg.

The spiritual experiences I had in the churches and museums were truly moving; I felt a deeper understanding of the world. It was such a blessing we got to have this religious experience, and I left with a newfound sense of wonder and appreciation for life.

8A WONG King Hei Marcus

Upon this journey, we have discovered the enriched history of Mercedes-Benz, uncovering the hidden secrets and culture of the city Mannheim and enjoying the tranquil views along the Neckar River.

It has been a wonderful journey with the new bonds and the enriched learning experiences. It was my first time to Germany, and I am very happy I have the opportunity to participate. Auf Wiedersehen und guten Tag.

Osaka, Japan

To understand the ways how the Japanese Government plans and implements the sustainable development related issues and policies.

Excursion Week 2023-2024

"A-School Excursion Week 2023-2024" was done in June 2024, leaving us with cherished memories and unforgettable experiences that will last a lifetime.

Throughout this year's excursion, we have worked tirelessly to ensure that our students could embark on a journey of discovery, growth, and adventure like never before. From the vibrant streets of Singapore to the historical wonders of Xian, from the renowned university campuses of the United Kingdom and United States to the exhilarating experience of participating in The World Scholar's Cup in Kuala Lumpur — these trips have truly left us in awe.

As we now bid farewell to this year's excursion, let's carry the spirit of exploration, curiosity, and adventure within us. May the experiences gained from this journey continue to inspire us to dream big, step out of our comfort zones, and fearlessly embrace the unknown. Together, we will make each day of the upcoming year even more extraordinary than the last!

Until our next adventure, let's keep the fires of exploration burning bright within us!

中國西安

在西安探索中國文化遺產，加強學生對中國歷史的認識。

7A 童詩滢

這次西安之旅讓我收穫了許多知識！我們觀賞了皮影戲表演，逛了回民街，參觀了許多歷史古蹟，還體驗了如何當一個考古學家……其中，我最喜歡兵馬俑製作坊，我自由地發揮創意，做了獨一無二的小兵馬俑！

9B KWOK Tsz Ying

The visit to the Disaster Prevention Learning Center is unforgettable. I had never experienced an earthquake before, and I didn't know the extent of the damage it could cause. The video was really touching and taught me a lot about preventing earthquake damage.

I also learnt about different developments in Japan, such as recycling. Their zero-waste center is impressive. What I learnt throughout the trip has helped me a lot in PBL and my further studies.

9B LAW Chin Ting

We visited renowned attractions like the Akashi Kaikyo Bridge, Naruto Whirlpools, and Shinsuibashi Bridge. At the Panasonic Eco Technology Center, we learnt about advanced recycling processes. The Zero Waste Center highlighted the community's efforts towards zero waste, while the ATC Green Eco Plaza deepened our understanding of the SDG goals. These interactive experiences enhanced the significance of adopting eco-friendly solutions in our daily lives, which was very worthwhile for us to learn.

Singapore

To understand the ways how the Singapore Government tackles the difficulties caused by population aging.

Czech Republic

To participate in the Dance World Cup and gain an understanding of the dance arena from a global perspective.

8C LI Hei Lui Hayley

During our excursion, we met different professional dancers from 62 different places. We even got to trade pins and talk to them. Not only that, but we had 2 master classes with professional instructors. It was an eye-opening experience! We also visited Kutná Hora, a town which is famous for silver-mining and coin making.

10C CHEUNG Yu Yuet Jamie

In this trip to Prague to attend the Dance World Cup Final 2024, it was beyond any doubt the most inspiring experience to have as a dancer. We saw some of the best dancers hand selected from the preliminary round and world-class technique showcased which has broadened our horizons. We can't be thankful enough to be able to have this opportunity to chase our dreams and participate in an international dance competition.

Okinawa, Japan (Cycling Tour)

To understand the unique American-Japanese culture in Okinawa by cycling, a form of transportation in reducing carbon footprint.

Kuala Lumpur

To participate in The World Scholar's Cup 2024 (Global Round - Kuala Lumpur).

9B SUEN Yat Yee

Not only did this competition broaden my knowledge in subjects I will probably never touch in my life, it also broadened my social network. I made friends from multiple countries and got to know their backgrounds. However, challenges still exist; for example, I totally flunked in the subject of science, but I learnt to not give up even when I don't know the subject well. Although miscommunication within my team often happened, by working with my teammates, we learnt how to accept each other's flaws and encourage each other to become better scholars.

United Kingdom

To visit and attend the information days of various universities and explore the heritage and culture of the UK.

Atlanta, USA

To explore and experience different art and design courses in SCAD and to understand the arts and design culture in the US.

HERO FEAST

Hero Feast cum Lee Yui Kwan Sports and Arts Excellence Scholarships Presentation Ceremony (英雄會暨李芮君傑出體藝獎學金頒獎禮) has become our annual and traditional gathering for our talented students especially in the field of **Music, Performing Arts, Sports and Visual Arts** who celebrate together for the great success and outstanding achievements that they have made throughout the academic year.

With the generous donation from **Ms. LEE Yui Kwan**, we also presented the **Sports and Arts Excellence Scholarship to over 90 awardees** who have fulfilled the standard of excellent local and international achievements. We were honoured to have External Advisors **Ms. Carmen CHOI**, Vice Chairman at Early Light International and **Mr. Teny WU**, Founder and CEO of Expert Medical to present the prizes in the ceremony. Our athletes' representative 11B TSOI Dijon Jack shared his feeling and experience of representing A-School in different competitions, where he is always motivated and carries the spirit of striving for excellence on behalf of the school.

The presentation is followed by a relaxing and quality luncheon in which guests, principals, teachers, coaches and students share their stories, experiences and happiness together. We celebrate our success and at the same time, we aim higher and set goals to achieve together in the future.

4D CHOW Wing Ching Kady (Athletics)

First of all, I am honoured to be invited to the Hero Feast in July 2024. This event is something we, as students, are looking forward to the most. Connecting and celebrating with my fellow hardworking classmates is truly exciting, and I feel a sense of gratitude for being part of such a supportive school. I will continue to strive in the coming year and hope to participate again.

9E KWONG Jay (Visual Arts)

I'm very honoured to be part of the Hero Feast, as the Hero Feast is a lavish and special event where students that have the drive to succeed in what they are passionate about discuss and feast together at a long dining table, sharing their triumphs and hardships in the process.

The Lee Yui Kwan Sports and Arts Excellence Scholarships presentation also motivated me to do better in my arts, as the scholarship not only gave me recognition in my field of studies but also gave me an opportunity to shine in other fields as well. I'm honoured and thankful to the school which supported me through this journey.

HKSSF ANNUAL PRIZE PRESENTATION

學體會周年頒獎禮

Every year, we compete with around 50 different schools in the **Shatin and Sai Kung** area in different sports events and competitions organised by the Schools Sports Federation of Hong Kong, China. We started with a few young and inexperienced teams back in 2006, we developed gradually and put in hard work to build and nurture more teams and students to try and excel in different sports.

In 2023-2024, we achieved our **best record in both Boys and Girls Category by ranking 3rd in overall respectively**. Improvement was made by all teams, and contributed different scores to the overall ranking. Some remarkable results include the **second year of Grand Slam title in Girls Badminton, Boys and Girls overall championship in Fencing, 4th consecutive championships in both Boys and Girls Tennis** and also our **longest legacy in Inter School Sports Competition, the 12th consecutive championships in All Hong Kong Inter Secondary Schools Softball Competition**.

11D CHEUNG Chin Kwok (Badminton)

Being the team captain, it's an honour to represent the school at the prize presentation. I've learnt the importance of teamwork and mutual support. During training, we lift each other's spirits with laughter, and create a strong bonding.

This camaraderie fuels our dedication, and helps us achieve great results in badminton together.

Grantham Outstanding Athletes Award

葛量洪學界傑出運動員獎

LI Hop
(Volleyball)

FONG Sum Yu
(Table Tennis)

CHAN Kwok Ting Makson
(Tennis)

SO Zi Seon Lewis
(Softball)

CHUNG Hoi Ying Janice
(Fencing)

8A CHUNG Hoi Ying Janice (Fencing)

It is a huge honour to have received this prestigious award. This award is a testament to my diligence and hard work in fencing which has paid off. I am really grateful for the support from my coaches and family. This award will motivate me to reach new heights and persevere through challenges along the way.

10A CHAN Kwok Ting Makson (Tennis)

I am truly honoured to receive the Grantham Outstanding Athlete Award in tennis. This recognition reflects not only my hard work but also the unwavering support of A-School, my coaches, teammates, and family. I am grateful for the opportunities I've had to grow and compete, and I look forward to the future challenges!

10D SO Zi Seon Lewis (Softball)

No words can describe how honoured and grateful I am to attend the prize presentation with my teammates. Without the support and encouragement from my badminton and softball coaches and teammates, I wouldn't have made it this far, let alone receive the award. Even though this is just a prize presentation, it still motivates me to continue to strive harder for the upcoming competitions in the future.

Apart from the team achievements, some of our sport talents are also recognized as the best performers in the academic year and awarded with the **Grantham Outstanding Athletes** in their respective sport. This is the collective achievement made by every team member and different teams throughout the whole year and this cannot be made possible without the continued support from parents, coaches, teachers and the school management.

Our **13th Graduation Ceremony and G6 Promotion Ceremony 2023-2024** was a celebration of academic achievements and new beginnings. The event featured the presentation of candidates to **Professor Rick WONG, Chair Professor, Department of Chemistry, Hong Kong Baptist University** for G6 students and to Chief Principal for the G12 graduands, followed by the conferral of their promotion and graduation. A heartfelt vote of thanks was delivered by the G6 and G12 student representatives, acknowledging the support of teachers and families. Attendees were treated to captivating performances by the handbell ensemble and A-Singers, along with a heartfelt slideshow honoring the students. The ceremony concluded with a benediction, marking a meaningful start to the next chapter in our students' lives.

12D KWOK Hei Tung

It is my honour to deliver a speech at our graduation ceremony on behalf of the graduating class of 2024. My speech reflects on our fruitful journey at A-School. It expresses our heartfelt gratitude for the opportunities we received from the school and the unwavering support from our dedicated teachers and loving parents. I encourage my fellow graduates to view the challenges ahead as stepping stones for personal growth and success. Graduation is the beginning of an exciting new chapter in our lives, and I am eager to see how we make our mark on the world.

The annual High Table Dinner for graduating class extended to our G6 promoting students! The **first-ever High Table Dinner for Primary Division** students was a memorable celebration of their achievements over the past six years as they transition to a new milestone!

By tradition, a campus walk allowed students to reflect on their first day of school, marking the start of their incredible journey toward secondary school life. Parents were warmly invited to witness this special occasion, fostering a sense of belonging and unity within our school community.

The G6 Promotion High Table Dinner was completed on June 13, 2024 with our promising teens donned formal dress code to share dinner together. **Ir Prof LAM Hiu Fung, Alan, JP, Founder & Group Chairman of Sengital Group Limited** graced the evening with his inspiring speech. On June 14, 2024, the G12 graduates welcomed theirs with a thought-provoking sharing by **Dr. Jimmy WONG Kam Yiu, Executive Director of the Hong Kong Academy for Gifted Education**.

The meaningful evenings left our students a memorable moment in the last year of their primary and senior study.

6B LEUNG Wing Yu Natalie

The High Table Dinner was an unforgettable event! It brought us together for a final gathering as primary school students. We had a fantastic time chatting and searching for the perfect spots to capture memorable photos around the Primary Division campus. Laughter and stories filled the air as we reminisced about our journey together. The excitement of promotion marked an important milestone in our lives. Taking photos with our teachers during the ceremony felt bittersweet, reminding us of moments filled with gratitude. These memories would last a lifetime. What a wonderful way to celebrate our time together!

Secondary Division Student Union and Chambers

Primary Division Student Union and Houses

The Student Union and Chambers are vital components of our school community, designed to empower students and enhance their leadership skills. By fostering collaboration and encouraging active participation, these organisations aim to elevate our school's ethos and create a strong sense of belonging among students. In this year, we envision a range of engaging activities that will not only enrich the student experience but also promote a culture of inclusivity and responsibility. Together, we will unleash our collective potential and lead our school to new heights, ensuring a vibrant and supportive environment for everyone.

10D POON Ching (Chairperson of Student Union)

Having studied in A-School since Grade 1, words cannot express how grateful and honoured I am to finally serve the community I have grown up with for 10 years. In this coming school year, I sincerely look forward to leading students in creating a more positive school environment and crafting a greater sense of belonging among students in coordination with the school!

Head Prefects

11A LIN Pin You

As Head Prefect, I face the exciting challenges that come with this important role. Taking the stage not only helps me improve my public speaking skills but also encourages me to step outside my comfort zone. Leading the Prefect Team and representing the entire school has taught me valuable leadership skills and the significance of being a role model. I am committed to fostering a positive environment at A-School, working together with my peers to ensure it remains a place where every student can grow, learn, and thrive. Together, we can make a difference!

11B YAU Hoi Lam

It is an honour to hold a significant position at A-School, and I know this will be one of the most memorable experiences of my secondary life. Throughout this rewarding journey, I have had countless opportunities to address my weaknesses, develop my unique perspective, and grow in confidence. I am grateful for all the support and guidance I have received along the way. To be an effective leader, we must embody qualities such as confidence, responsibility, strong communication skills, and a willingness to listen to others. By embracing these attributes, I believe we can work together towards excellence!

Our school is committed to nurturing a strong sense of commitment and leadership among students. This year, we proudly held our annual Student Union and house elections, providing an excellent platform for aspiring leaders to shine.

Candidates from both the Student Union and House Committees worked tirelessly to share their visions, showcasing their campaigns with eye-catching posters, informative leaflets, and vibrant flyers displayed at the school gate. These elections not only empower students to voice their ideas but also teach them invaluable lessons about teamwork and effective communication.

It's an exhilarating time for our students as they engage in campaigning, articulate their aspirations, and cast their votes for their chosen representatives. These elections play a crucial role in fostering confident, responsible, and engaged young leaders within our school community.

6B CHAN Sum Lui (Chairperson of Student Union)

Becoming the Chairperson of the Student Union fills me with a deep sense of pride and responsibility. It is an honour to represent my peers and to have the opportunity to voice their concerns and ideas. I recognize the challenges that lie ahead, but I am fully committed to advocating for our community's needs and leading with integrity, one of the core values of Percci. I am excited to collaborate with my fellow team members this academic year. Together, we will strive to make a positive impact on the school community.

Head Prefects

6A CHEUNG Tsz Kiu

As a diligent student, I take the initiative to help my peers with academic and personal challenges, always striving for excellence in my work. Leadership is tough, but with perseverance, I've learnt the importance of collaboration and community. Thank you teachers and schoolmates for always giving me guidance and support. My team and I are committed to supporting teachers and students daily, embodying our motto: "Passionate to Learn, Determined to Succeed." Together, we can create a better learning environment!

6B NG Tsz Lok

I am honoured to serve as this year's Head Prefect. I would like to extend my heartfelt thanks to our teachers and fellow schoolmates for their encouragement and support. It is a privilege for me to help maintain discipline and foster a harmonious school environment. The prefect training and camps have significantly enhanced my leadership skills and taught me the importance of teamwork and communication. Being part of the Prefect Team has truly been a rewarding experience, and I believe it was the right choice for me.

SCHOOL REOPENING CEREMONY

September 2, 2024

The **School Reopening Ceremony** at A-School was a momentous occasion, filled with joy and celebration. As guests filled the auditorium, vibrant decorations adorned the stage, symbolizing the achievements of both students and faculty.

The event began with an inspiring speech by the **Guest of Honour, Prof. WONG Kam Fai, Associate Dean (External Affairs), Faculty of Engineering, The Chinese University of Hong Kong** to enlighten students with his long-term experience in education. Our Chief Principal also acknowledged the hard work and perseverance of the graduating class. Following this, the highlight of the ceremony was the prize presentation. Teachers and students received awards for their outstanding contributions throughout the previous year, with heartfelt applause resonating in the hall as each name was announced.

Various scholarships were presented to deserving students, providing them with opportunities for further education. Each recipient shared their gratitude, expressing how these scholarships would pave the way for their future aspirations.

1. Mr. Raymond Kwok, representative of Kwok Chung Bo Fun Charitable Fund, cum Co-Chairperson of A-School External Advisory Committee for the "Moses Gateway" project
2. Mr. Benny Wong, MH, Chairman of Nameson Holdings Limited, cum A-School External Advisory Committee Member (School Development) for the "Wong Wai Yue Library"
3. Ir Prof. Alan Lam, JP, Chairman of Sengital Group, and Madam Daphne Lam for the "Madam Daphne Lam Literature Award"
4. Mr. Ivan Wong, JP, Vice-Chairman of Kum Shing Group, cum Co-Chairperson of A-School External Advisory Committee for the "Dr. KK Wong Scholarship for Excellence" and "Wong Kam Fai Financial Assistantship"
5. Mr. Teny Wu, Founder & CEO of Expert Medical, cum A-School External Advisory Committee Member (Further Studies) for the "Life, Medicine & Technology Scholarship"
6. Ms. Carmen Choi, Vice-Chairman of Early Light International (Holdings) Limited, cum A-School External Advisory Committee Member (Gifted Education) for the "Carmen Choi Gifted Education Scholarship"
7. Mr. Makson Chan, brother of Dasson Chan, for the "Scholarship for Outstanding Tennis Athletes"
8. Mr. Karl Wong, Chairman of PTA, and Mr. Louie So, Vice-Chairman of PTA, for the "We Proud Fund Scholarship"

2023-2024 Teacher Commendation Scheme

Primary Division Awardees

Dr. Chan Wai Kai, Benjamin, MH	LAI Megan Hoi Yan
CHAN Wai Ngai, Steve	LEE Ka Wing Kelvin

KOO Sung Dek, Jacqui (Acting Deputy Principal cum Director of International Division)

After 15 years at A-School, I am reminded of the words of Maya Angelou, 'I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel.' My gratitude extends to the students, colleagues, and mentors who have made this unforgettable journey my A-Journey – Adventurous, Amazing and Awesome! I am thankful for the opportunities, support, and friendships that have shaped my tenure here. All the best to A-School!

LUK Kin Chung, William (IT Panel Head and Head of STEAM Education, Primary Division)

Reflecting on my 15 years at A-School fills me with gratitude. I've witnessed countless moments of joy, from students' triumphs to the warmth of community. Yet, there were disappointments that taught resilience. Each experience, whether uplifting or challenging, shaped me as an educator and a person. Thank you, A-School, for the memories, the lessons, and the unwavering support. Together, we've grown, and I will carry these cherished moments with me always.

「我哋大家，在石門直資相遇上，總算是歡笑多於唏噓」❤️

WAI Bonnie Ada (English and Literature in English Teacher)

Fifteen years at A-School have been like creating a literary mosaic reflecting my students' and my shared journey and growth. Each student is a unique tile, contributing their own colour and shape to the intricate design. As their English and literature teacher, I have had the joy of placing these tiles and arranging their stories together. In the years to come, I hope to add more tiles to our ever-evolving creation.

關欣(小學部中文科老師)

在A-School任教十五年，這段旅程充滿挑戰與成就。我見證了學生們的成長，並與同事們共同努力提升教學質量。每一次的課堂互動都讓我深感欣慰，看到學生們的進步是我最大的動力。這兒的每一個瞬間都深深印刻在我的心中，讓我對教育的熱愛更加堅定。

劉展鴻(實驗室總監、瀕危物種博物館館長)

在A-School服務十五年啦，回想剛到任的時候，G10科學實驗課剛開始，從採購儀器、用品，演練實驗等都忙碌過一段時間，得校長和老師的支持，順利完成。感謝學校給予我支持，瀕危物種博物館，中藥園，空中花園等建設，還有教學生攝影，讓我有更多機會接觸同學，也參與很多外出交流活動，感恩能在A-School服務! 🙏

Mr. LEUNG Tsz Kin, Percy,
District Commander (Shatin)

Celebrating Achievement and Dedication

CONVOCATION

The Convocation at A-School was a grand celebration of academic excellence and student achievement.

Following the opening remarks, the presentation of subject awards began. We were honoured to have **Dr. Amelia N.Y. LEE, MH, Associate Dean (Programme Development)** and **Head of Early Childhood and Elementary Education, Hong Kong Baptist University College of International Education** and **Mr. LEUNG Tsz Kin, Percy, District Commander (Shatin), Hong Kong Police Force** to grace the ceremony of Primary and Secondary Divisions respectively with their presence and words of wisdom. Students who excelled in various subjects were recognized, with each recipient stepping forward to receive their certificate amid enthusiastic applause.

The ceremony celebrated achievements with long-service awards, subject honors, the Student of the Year, OLE awards, external competition recognitions, and the Principal's List, showcasing dedication and excellence among students and staff.

The convocation was a heartfelt celebration of achievements, fostering a strong sense of community and pride in the accomplishments of A-School's students.

10D LEE Yan Wah

Navigating life as a student is certainly no easy feat, with the academic pressure and extracurricular activities. That said, I'm immensely grateful for the unwavering support from my friends and teachers, and to A-School for constantly pushing me to better myself. While I am in no way a perfect student, this award is a testament to the fact that persistence is acknowledged, and I will continue to aim high.

姊妹學校計劃

東北師範大學附屬中學

東北師範大學附屬中學肇基於1950年，是中央部委直屬高校附屬中學，隸屬教育部。學校現有七個校區，涵蓋幼兒園、小學、初中、高中、國際部等多個學部，總佔地面積44萬餘平方米，在校學生19,500餘名。該校獲得“吉林省模範集體”、“全國五四紅旗團委”、“全國文明校園”、“普通高中新課程新教材實施國家級示範校”等榮譽稱號，被譽為“吉林省基礎教育的名片”。該校先後建立了與美國、加拿大、英國、法國、德國、以色列、新加坡、日本、韓國、阿聯酋等10多個國家的50個國際交流與合作項目，並於2012年設立了國際部，成為東北地區首家公立IB高中，並被譽為中國十大高中。

2024年10月12日，本校一行二十八位師生遠赴吉林省長春市，在隆重的締結儀式中，與國家教育部直屬重點高校東北師範大學附屬中學正式簽署了姊妹學校合作協議，此行意義非凡，不但燃起兩校友誼之火，更標誌著雙方在教育和文化交流上邁出令人鼓舞的第一步。

當天東北師範大學附屬中學還準備了精彩的書法活動、文藝表演，包括樂風獨特的朝鮮族長鼓表演、激情與活力洋溢的健美操表演、合唱團演出一曲憾動人心的《我愛您中國》，為締結儀式畫上完美的句號。

8E 李竺桓

我們與東北師範大學附屬學校的同學們進行了精彩的交流活動。這是一次特別的體驗，能與不同地域的同學交流是我從未經歷過的，所以我十分珍惜這次交流機會。我們觀看了由師大附中同學們準備的特色表演節目，也熱情地彼此交換了這次旅途的經歷。在交流中，我感受到了東北同學們的溫暖和關懷，這份溫暖讓遠在異地的我逐漸放下了對家的思念，也逐漸與同學們建立起深刻的友誼。

上海華東師範大學第二附屬中學

華東師範大學第二附屬中學創辦於1958年，於1963年成為上海市重點中學，於1978年成為國家教育部直屬重點中學。乃上海市教委直屬領導、華東師範大學和所在區共建共管的上海市實驗性示範性高中。「華二」學生於數理國際比賽中屢創佳績，獲得國際奧賽金牌總數目前列全國第一；在近十年的英特爾國際中學生科學與工程大賽中獲得大賽獎14項，名列全國第一。

2024年10月14日，本校與華東師範大學第二附屬中學正式簽署了姊妹學校合作協議，出席的有華東師大二附中校長周彬博士、華東師大二附中黨委書記袁軍先生、華東師大二附中副校長孟祥萍女士及一眾領導班子、本校總校長陳偉佳博士、協理副校長陳佩柔女士。合作協議標誌著兩校於中港教育交流的發展上邁向新高度。

★ SECONDARY DIVISION

Dr. Rizwan ULLAH, MH

Vice Principal (Student Development)

It amuses many and at the same time makes them curious to know that Rizwan Ullah is also named 利哲宏, and vice-versa. Such dual identity events always raise the question as to what exactly lies beneath.

My Arabic name, Rizwan Ullah, means “key to paradise”. I was given my Chinese name in 2019 for convenience in public activities. People may not understand how much a Chinese name would mean to me; it means a very important connecting point to my identity and integrates me more into Hong Kong and its culture.

Following are four major tenets underlining my educational philosophy, drawn after being in the education sector for over two decades:

- Belief in Potential: Every human being possesses potential which could be matured and turned into eventual success.
- Holistic Development: I want to develop well-rounded people, not just transfer knowledge.
- Service Above Self: I am committed to helping others in need and giving back to society, so as to make the world a better place.
- Commitment to Lifelong Learning: Always have an eagerness to learn and grow.

It is my privilege to be working with each of you at A-School to create our shared story.

Mr. CHAN Yu Kin Eric

Director of Innovation and Digital Learning, ICL/ICT Panel Head

It is with great enthusiasm that I reintroduce myself to A-School as a returning teacher with over two decades of experience, primarily in Information and Communication Technology (ICT). After 12-years, I am honoured to rejoin A-School, bringing with me a wealth of knowledge and a renewed passion for education.

The landscape of education has evolved significantly since my last tenure here. The rise of Artificial Intelligence (AI) presents both challenges and unparalleled opportunities. I am excited to collaborate with A-School and students to explore how we can connect the power of AI to enhance our learning experiences. This is a unique moment in educational history, and I am committed to guiding students through this transformative period, ensuring they are well-prepared for the future.

One of the most rewarding aspects of my return has been reconnecting with former students who are now esteemed colleagues at the school. Seeing these individuals thrive and contribute to the educational community brings a deep sense of fulfillment and joy. It is a reminder of the lasting impact we can have as educators and the importance of nurturing the next generation of leaders.

Together, we will go aboard on an unforgettable learning journey, embracing the possibilities that lie ahead and fostering an environment where innovation and creativity flourish. I look forward to this exciting chapter and to making a positive difference in the lives of our students once again.

Mr. ROBLES, Arvin Dee R.

Associate Vice Principal
(Curriculum Development Officer)

Greetings to our students and parents of A-School! My name is Arvin Robles (aka Mr. Arvin or Mr. Robles) and I am blessed to be joining you all this year as an Associate Vice Principal.

Throughout my studies, I was fortunate enough to have attended schools across the globe, including, the States, Australia, the UK and of course, Hong Kong, where I moved to from the Philippines when I was just one year old. As many of you may know, I am an English Teacher but am also working with teams of teachers to make A-School a well-rounded, vibrant and interdisciplinary learning environment.

What excites me most about coming to work every day is seeing all the joyous faces of our students who are thrilled to learn and grow together – not only in the classroom but outside as well. How we embrace so many sports, all types of arts (creative, language, performing and visual), digital and information technology and OLEs make our campus a truly unique place to call home. And getting to watch our cheerful and caring students brought up with faith and love in our Lord is the greatest part of being in the A-School family.

Just as we are all raising students to be honest, responsible, artistic and lifelong learners, with emotional, spiritual and physical strengths, I strive to lead a well-rounded life and continue learning and growing. If you ever want to talk about music, film, cats, theatre, cooking, fitness... all of which I love, please chat with me anytime!

Ms. Tracy Elaine RICCIO

Associate Vice Principal
(Student Development) cum Co-Head of English Language

Hello A-School! Nice to meet you!

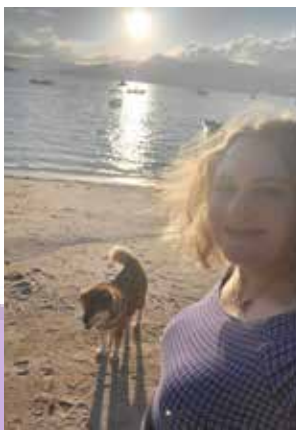

You can find me teaching Primary English and you might also find me in the SD Centre! Perhaps you have seen me around or have had lunch with me already. Feel free to chat to me anytime!

Allow me to introduce myself to you. I am from Surrey, which is a county in England. I have lived in Hong Kong for 14 years and have been teaching for 24 years!

Recently, I gave myself a new challenge not just to try something new in terms of work, but I also moved apartments to a brand-new area! Although I am totally out of my comfort zone, I feel happy to face new challenges so that I can grow as a person and as an educator. I'm so lucky that I get to do all of this with you! I already feel so welcome, and it is great to know that I am surrounded by such happiness and kindness every single day!

I spend most of my spare time with my pets, I have two cats and two dogs at home. I also love walking along the beach for mindfulness. I also love memes, jokes and puns. Have you seen or heard any good ones recently?

Finally, I encourage you to get out of your comfort zone and do the things – you have been dreaming about, it might just change your life!

A-Planetarium

5/F, Secondary Division

宇宙探索館

A-Planetarium is more than just a room – it's a launchpad for curiosity, inspiring the next generation of scientists, engineers, and explorers. Here, every student has the opportunity to reach for the stars and discover the wonders of our cosmic neighbourhood.

As you enter, you're greeted by a life-sized spacesuit worn by China's pioneering astronauts, offering a tangible connection to human space exploration. Our carefully curated exhibits showcase the remarkable journey of China's space programme, from its humble beginnings to its current achievements.

Step into a world of wonder at A-Planetarium, an immersive space that brings the cosmos to life for our students. This cutting-edge facility is designed to ignite passion for astronomy and space exploration in young minds.

The heart of A-Planetarium features a state-of-the-art projection system, transforming the room into a gateway to the universe. Students can marvel at the Earth and Moon in stunning detail, or lose themselves in the swirling colours of distant nebulae.

For budding astronomers, our advanced telescope uses GPS technology to accurately track stars during live observations. This feature, combined with interactive displays and meteorite exhibits, provides hands-on learning experiences. The planetarium also serves as a unique cinema, where students can enjoy thought-provoking films about our universe, expanding their understanding of space and time.
